ZEEKR vehicles are equipped with 5G internet connectivity on board.

This can be used by all vehicle passengers after purchasing the optional 1-year Premium Connectivity Services.

However, accessing these features through a mobile hotspot may be subject to fees and restrictions imposed by your mobile carrier.

In order to use some streaming services, it is necessary that the user already has a separate account with the respective streaming provider. Streaming providers may vary depending on local availability. Please note that the information provided here is subject to change. A paid subscription to third-party streaming services may be required to access music and media streaming
