BOOMTOWN RELEASE EXPLOSIVE LINE UP OF HIP HOP, GARAGE AND GRIME FOR BARRIO LOCO DISTRICT

OCEAN WISDOM / LITTLE SIMZ / BLACKALICIOUS / SLOWTHAI
HIGH FOCUS TAKEOVER

This year sees Boomtown's most energetic district Barrio Loco, pushing musical boundaries even further with its stellar line-up that includes hip hop, garage and grime giants from all corners of the world. Just one of Boomtown's 12 themed districts, the reverberating sounds, rhythms and lyrics provide the perfect balance to the festival's varied headline bill that includes **Ms. Lauryn Hill, Prophets of Rage, The Streets, Chronixx, Groove Armada** and **Salt-N-Pepa.**

Bringing a brand new collaboration to Boomtown's vibrant party capital **Barrio Loco, 1Xtra** will be opening up ***Poco Loco***, the districts' main stage, on Thursday with a full day takeover showcasing some of the BBC radio station's top DJs and discovered talents.
The **1Xtra Thursday Takeover** will include; lady of the moment **Tiffany Calver,** hot off the heels of taking over the top spot as the host of Radio 1 / 1Xtra's flagship Rap Show and supporting *Drake* on his European tour, Tiffany will be joined by fellow 1Xtra DJ, trailblazer and tastemaker of a generation **Jamz Supernova**. Joining the 1Xtra DJs throughout the day, the live acts will include; infectious dancehall of **Alicai Harley**, supreme talent and the dazzling soul voice of **Joel Culpepper** plus the heady blend of hip hop and jazz, mixed up with a few nods to London grime from **Che Lingo**. This is all set to be an incredible opening to what will be a weekend filled with the very best in UK and world wide hip-hop, grime, garage, bass and neo soul...

Moving on to Friday... off the back of a worldwide tour, Boomtown legend **Eva Lazarus,** will kick things off and as well as making a repeat appearance as part of a collaboration with UK producer **Swindle** in his fusion of jazz and grime later in the evening. The masters of tongue-twisting, multisyllabic, complex rhymes **Blackalicious** will also treat crowds with their own brand of West Coast hip hop. The formidable **Little Simz** makes a return to the festival

after her electrifying guest appearance on the 'Lion's Den' with **Gorillaz** last year alongside garage and bassline producer and selector **Flava D**, the raw poetry of ***High Focus*' Ocean Wisdom**, **Jus Now** with their Trinidadian soca rhythms mixed with UK underground return and **Sir Spyro'**s grime and freestyle. Sunday sees the much anticipated **High Focus Takeover** featuring self-styled 'Brexit Bandit' and proclaimed rising star **slowthai** who makes an exciting special guest appearance with his unique, experimental grime / punk stylings, plus the likes of **Four Owls**, **Dirty Dike** and **Jam Baxter.**

Bringing dance, garage and bassline to Barrio Loco, '24 Hour Garage Girls' is back featuring some heavyweights of the scene that include one half of the legendary production/remixing team, Tuff Jam, DJ / producer and all round pioneer of the British UK garage scene **Matt Jam Lamont**; dancehall champion **Danny Rankin AKA DJ Decoy** (Kurupt FM), and international DJ/Producer **SHOSH,** who is head honcho at 24hr Garage Girls and whose debut EP 'Take On You' hit no.1 in UKG charts. Plus singular soundsmith **Freddie Martin**, bright new up and comer in both UK Garage and Bassline **Sammy Virji**, **Mind of a Dragon** the latest edition to Conducta's fresh new label, Kiwi Rekords and an amazing producer fronting new UK Garage and favourite newcomer with guest mixes for DJ Mag & Get Darker **Nadine** who together will set the tone to the stage.
