

POST FILLER CARE:

- After your treatment, treated areas may feel numb for up to 1-2 hours due to topical & local anesthetic in the filler product.
- Wait 1-2 hours before drinking hot beverages or eating hard food.
- Apply a cold compress or ice packs for 10 minutes every hour while awake for 24 hours post treatment.
- You may experience swelling, redness, & tenderness, which can last 1-2 weeks.

Leave us a review

We work hard to perfect the patient experience at Elevé MedSpa and would love to hear your feedback.

- You may experience bruising, which can last up to 2 weeks.
- Call Elevé if you experience side effects beyond 2 weeks or if you have severe pain, blisters or scabs in the treated area.
- Avoid dental procedures for 2 weeks post filler.
- Wait 2 weeks after your treatment before undergoing any facial massages, lasers or chemical peels.
- Sleep with your head slightly elevated the night of the procedure to minimize post-procedure swelling.
- Please contact our office with any questions or concerns:
