Important change for customers to Wärtsilä Group

Dear Customer,

At Wärtsilä, we are digitalising our Accounts Receivable process through our partner Pagero. This will allow us to streamline our invoice issuance and distribution by ensuring that data is transmitted automatically, accurately, and securely. In turn, our customers will receive real-time quality invoice data. E-invoicing is rapidly becoming mandatory around the world and governments all around the world are picking up speed to digitalize their systems. A PDF invoice is not an e-invoice.

We therefore would like to ask you to enable the receipt of our electronic invoices by **30th August 2024.**

Wärtsilä is working with e-invoicing operator Pagero and PEPPOL is supported.

If you already are receiving e-invoices today through a service provider, please send the following information to customereinvoicingcentral@wartsila.com:

- *Your company name*
- *Customer number (visible on your invoice)*
- *E-invoicing address/Peppol ID/OVT/EID*
- *Your intermediator ID (Peppol access point)*
- *Your VAT identification number*
- *Your contact person´s name, e-mail and phone number*

If you already have a Pagero account, please add the respective WÄRTSILÄ company to your account using the supplier directory in Pagero Online.

Benefits of trading electronically:

- **Minimise errors:** reduce the risk of paying faulty invoices or entering the wrong details.
- **Secure document and data exchange:** no data corruption or risk of documents being lost in the mail or an inbox.
- **Automation of ERP workflow:** lower operations costs and eliminate time-consuming and error-prone manual tasks.
- **Reduced late payment fees:** shorten the cycle times.

- **Better visibility of spend:** ensure on-time payments and improve supplier relationships.
- **Fulfil legal requirements:** be always up to date and compliant with tax and archiving legislation.
- **Sustainability:** lower paper use and CO2 emissions.
- **Remote work-ready:** do business from anywhere without the need for extra resources like printers, scanners, or the postal service.

For more information please direct your questions to Wärtsilä customereinvoicingcentral@wartsila.com.

Thank you in advance for your support to enable mutual benefits.

Yours sincerely,
Wärtsilä Customer e-invoicing team
