

# STORAGE POLICY

*Effective: January 19, 2026*

Hart Print requires a clear and transparent Customer can storage and crushing policy to protect its operations and avoid having customized print orders (paid or unpaid) remaining in its facilities indefinitely. Since printed cans are highly personalized and impossible to resell, unclaimed orders result in wasted production time, resources, and physical space otherwise dedicated to digital printers.

This Policy helps set clear expectations for the Customer by outlining the storage fees and scrapping of cans applicable to all transactions between Customer and Hart Print, effective as of the date of execution of the primary agreement.

## **I. Storage Fees**

- A storage fee of \$10 per pallet per day will apply to all printed cans remaining at any Hart Print facility beyond 30 calendar days after the requested Sales Order ship date, whether paid for or not by Customer.
- Payment for storage fees is payable immediately upon invoicing.
- In the event that storage fees remain unpaid beyond the invoicing due date, the Customer's account's status shall default to Past Due and written notices will be issued for up to 45 days.
- Continued delinquency or non-responsiveness shall give rise to the remedial actions set forth in the Payment Terms Policy, without further notice or demand.

## **II. Scrapping of Unclaimed Cans**

- Hart Print shall be entitled to scrap any Cans remaining at any Hart Print facility beyond 90 calendar days, regardless of whether Customer has paid Hart Print for said Cans. Customer shall not be entitled to a refund for any fees paid for scrapped Cans.
- In the event that Customer has not paid Hart Print for any Cans subsequently scrapped, Customer shall remain liable to Hart Print for the full purchase price of said Cans, less scrap value received by Hart Print, dunnage, and freight.
- Hart Print shall provide Customer with 10 calendar days' written notice prior to scrapping any Cans.
