

Pre-Operative Hair Transplantation Instructions

- Please take blood pressure/cardiac medication as prescribed prior to your procedure. Please consult and obtain approval from your attending physician (Primary Care Provider, Cardiologist, and/or Neurologist) prior to discontinuing the use of any blood thinners.
- Please DO NOT exercise or work out the day of your procedure.
- DO NOT take aspirin, anti-inflammatory medications, Vitamin E, garlic, Fish Oils or anything else that thins the blood 2 weeks prior surgery. Many over the counter medications like Advil, Alka-Seltzer, Bufferin, Excedrin, Empirin should also be avoided. If you are unsure, call our office.
- We recommend you start taking 2000mg of Vitamin C daily 2 weeks prior to surgery.
- DO NOT drink alcohol for 1 week prior to surgery. Alcohol can also thin the blood and cause the procedure to be more difficult and lengthier.
- Wash your hair the morning of surgery. Do not use any hair products the morning of surgery.
- If having a Bio-FUT procedure, DO NOT cut the hair on the back of the head shorter than 1 inch in length before surgery. This will make it more difficult to hide the suture line.
- If having a Bio-FUE procedure, keep in mind we will be shaving your hair in the back. Please cut your hair on the sides and back to a short length prior to surgery.
- Drink plenty of fluids and eat a healthy meal the night before and morning of surgery.
- Wear comfortable loose pants and a button-down shirt the day of surgery. Do not wear a T-shirt that is difficult to pull over the head after surgery.
- You will be given a sedative to help you relax through surgery, so it is recommended that you have someone drive you home after the surgery.
- Travel Plans: If you are from out of town, please make your plane, hotel, and car reservations early to secure the best rates. If you need help with reservations, we will be happy to assist you.
- If you live out of town it is not recommended that you fly or drive a long distance after your surgery. It is suggested that you spend the night locally and return home the following morning.

Deposit and Payment Policy

- We require a \$3,000 deposit to reserve the date for your procedure.
- We require an additional payment of \$279 for the purchase of your post-operative care kit to be ordered in advance of your procedure date.
- Payment is due **IN FULL** on the day of surgery by cash, check, credit card or Care Credit
- Please make the check payable to **Greco Dermatology**.

Cancellation & Refund Policy- Bio-FUT & Bio-FUE

- Cancellation requests must be made by telephone or in writing to Greco Dermatology.
- If the request is received within 10 days prior to the procedure, the deposit may be refunded or stays in the patient account to re-schedule the procedure.
- If cancellation is due to a medical emergency or significant illness, and the office is notified **within 24 hours** of the procedure, the deposit may be refunded or stays in the patient account to re-schedule the procedure.
- The deposit is **NON-REFUNDABLE** after a second cancellation for any reason and a **NEW** deposit will be required prior to scheduling another appointment.
