| Overall | 60\% | 40\% |

| Mean bonus gap | $52 \%$ |
| :--- | :--- |
| Median bonus gap | $23 \%$ |

Who received bonus pay?

The mean is calculated by adding the hourly rates of all employees and then dividing the result by the number of employees. The mean gender pay gap is the percentage difference between mean male hourly pay and mean female hourly pay.

Pay quartiles are calculated by listing the rates of pay for each employee from lowest to highest, before splitting the list into four groups by headcount and calculating the percentage of males and females in each.
