

Supplements REFUND Policy

If any of our patients decide they want to return the supplements purchased in office they are welcome to do so within 30 days from days of purchase. No reason is required.

The supplements must be **unopened and with the seal intact** in order to be accepted back.

A full refund will be credited to the same credit card used for purchase. In case cash was used for payment, then the refund would be in the form of cash or check, depending on amount of cash available in office that day.

If patient's prefer to ship the supplements back, they will do so at their own expense, and we will credit the account/credit card as soon as shipment is received in the office – please retain tracking number for your records in case shipment delayed or not received.

Returns past 30 days will NOT be accepted.
