Dearest Arthur,
Just a few lines to let you know that
I have received your pc and say that
we are all well. We hope that you
are well and are sorry to hear of
the dreadful conditions. How we
wish to see you and pray that you
make it home without issue.
Mother asked me to say that your pup,
Lady, has been lost without you, however,
she is being very well looked after and
looks forward to her daily walks with
Able. We all miss you so, and put our trust
in God that we will soon see you again.

Please be well,
Your sister, Annie x
