# TOOL CARE CALIBRATION

Wear and tear, process changes as well as tool environment can affect the clamping force in your joints  
**Calibration is key to...**

**Boost your Productivity with High Quality**

**Get a Safe and Traceable Tightening Process**

## Benefits

- Less rework
- Reduced risk of false OK results
- Fulfilment of ISO requirements
- Providing proof in case of liability issues

## Tools calibration

### WHY CHOOSE DESOUTTER?

- Our laboratories are ILAC\* recognised
- Our technicians are skilled and regularly trained
- They have the right tooling, error proof process and software
- Your certificates are available 24/7 from any device
- We remind you on the calibration due date

### Achieve high quality

- Same certificates worldwide
- Traceability to national standards
- On-demand customization
- Certificates available 24/7 for up to 10 years
- Done on-site or at Desoutter
- Reminder of next calibration

## Accredited calibration

### Safety & traceability of your tightening process

- Wide torque range: from 0.05Nm to 2000Nm
- Recognised accreditation through the ILAC\* agreement
- According to ISO/IEC 17025
- Specified measurement uncertainty
- Adjustment of the equipment
- Certificates available 24/7 for up to 10 years
- Reminder of next calibration

\* ILAC (International Laboratory Accreditation Cooperation): an agreement signed by almost all industrialized countries. Certificates from accredited laboratories of the member states are recognized by other ILAC member countries.

## GET EVEN MORE FROM DESOUTTER SERVICE

### INSTALLATION AND SETUP

### SMART START

### Start-up

Quality Assurance equipment like Delta Cart and WLAN Delta Wrench requires solid setup to meet your needs in terms of traceability and error proofing.

### ON-DEMAND SERVICES

### PRODUCTION BOOST

### Performance Validation

Detects potential false OK results and get recommendations to improve the tightening process.

### TMSS

#### Track My Service Status

Check your calibration status online, download your certificates and get important service data about your tools maintenance.

### MAINTENANCE OF YOUR TOOLS

### TOOL CARE

A range of gradual service plans to improve your uptime with less breakdowns and increased lifetime.

LESS BREAKDOWNS

TOOL LIFE IS EXTENDED

### Basic Care

Preventive maintenance and calibration.

### Smart Care

Basic Care plus optimised maintenance and repairs.

### Peace of Mind

Smart Care plus regular onsite support and workshop.

More Than Productivity
