

## Clinics@Willinga

Our facility boasts several ebb and flow arena surfaces to suit your clinic requirements.

High quality horse stables and yards, as well as excellent equine amenities are available within close proximity to your chosen arena.

We have camping opportunities at our powered sites that include wifi and access to amenities including: showers, toilets, large BBQ area and solar heated swimming pool.

Alternately our luxury self-contained apartments 'The Pavilions' featuring 2-4 bedrooms are also available.

We also offer our Equestrian Education Centre which features:

- Flexible layouts
- Customised staging and lighting
- Small to medium sized conferencing
- Corporate events
- Seminars
- Demonstrations
- Expos

If you wish to include an ultra-luxe experience - individualised catering options with our Head Chef Luke Bow that can be tailored to your culinary desires.

We pride ourselves on catering to each equine enthusiast and their horses - as well as coaches, trainers, and their specialised requirements.

\*Insurance requirements for coaches and participants will depend on the organisation or individual hosting the proposed Clinic  
\*All individuals participating in mounted clinics must sign provided waiver prior to attending the proposed Clinic

\$60/night – camping, powered site, wifi access, amenities access, over 100 available Includes: Use of amenities block including pool, kitchen/BBQ area, large showers and loos.

The above total includes GST

# Facilities hire

## **Stable Manager**

The hirer must provide a dedicated person to act as a stable manager for event – if you don't have such a person on your committee – we can engage a stable manager for you at \$250/day + GST.

## **Stable Bond**

It is suggested that the hirer use an online entry system that is set up to handle stable bond refunds – this is for the hirer's security – if the bonds are paid up front, it leaves the hirer covered for any failed stables.

## **Wheelbarrows & Rakes**

Ten of each available (and included in the hire fee) – if any are missing or damaged, replacement costs will be charged to the hirer.

## **Notes:**

1. Basic internet access for scoring is supplied.
2. For live streaming or televised clinics – a quote for services will be required from Netier – an extra cost billed to the hirer.
3. PA system will be explained to the hirer – any requirements beyond background music and announcements, a quote for services will be required from Willinga Park's audio and PA technician – an extra cost billed to the hirer.
4. Filming application fees will be required and will depend on the scope of filming – POA.
5. On-site accommodation for officials can be provided at a range of prices – the event manager will discuss this with the hirer.
6. Catering can be provided in-house at the Bunker Café and the restaurant. Alternatively food vendors can be used. Willinga Park will provide a list of vendors used regularly at events.

# Accommodation options
