Shavings and Stable Allocations.

Shavings pre-ordered will be placed outside your stable. Additional shavings can be purchased on Nominate (this includes during the event). <http://tinyurl.com/mrx8atmn>

Stable allocation will be emailed to all competitors. Please be patient, we will endeavour to meet your requests, but this is not always possible.

There are three stable locations: Competition Stables, Grand Prix Stables and the Luxury Stables. A venue map will be included with your stable allocation. All stables have rubber-lined floors and are very comfortable. Riders in CDI classes and those on-site for the longest time will receive priority in stable allocation.

Please bring your own feed bins, water buckets and stable cleaning equipment.

Stables not left swept clean on departure will not be refunded their \$200.00 stable bond.

Hoof black cannot be used on the bitumen roads or outside the stables on any concrete or road surface. Hoof black staining will also incur the \$200.00 stable bond fee.

Horse Feed Orders.

Please order your horse feed from Bishops Milton.
