

Schedule C: Awards of BPP University

1. For the purposes of the Honours Schedule, reference to a Bachelor's degree award shall also be taken to include the associated exit awards of Certificate of Higher Education, Diploma of Higher Education and Ordinary Degree.
2. The form of an award title may differ depending on whether it is an honours degree, foundation degree, diploma, or certificate and whether it is undergraduate, graduate, or postgraduate. However, the common structure shall be the qualification title e.g. bachelor's degree (with or without honours), followed by the discipline e.g. BSc (Hons) Business Management.
3. Whether the title of a degree is designated as being in the Arts, Sciences or in another general field or in a specific discipline (such as the LLB) shall be determined and approved as part of the validation and approval of the relevant programme of studies.
4. Postgraduate exit awards of Postgraduate Diploma or Postgraduate Certificate must be specified in the BPP University Awards Table with their full title. This is because such awards are specifically designated and validated to carry a designated title.
