

### WD-40 Specialist® Electric Parts Cleaner

WD-40 Specialist® Electric Parts Cleaner, featuring patented Smart Straw® technology, blasts away oil, dirt, flux residue and condensation from sensitive electronics and electrical equipment with pinpoint precision. It dries quickly, leaves no residue, and removes more soil than leading competitors, making it the best at cleaning electrical contacts. Safe and ideal for use on printed circuit boards, controls, battery terminals, switches, precision instruments and electric panels.

Ingredient	CASRN	Function	List
Hydrofluorocarbon 152a	75-37-6	Propellant	
Heptane	142-82-5	Solvent	
Isopropanol	67-63-0	Solvent	<a href="#">OEHHA REL: CA Non-Cancer Hazards</a>
