

WD-40 Specialist® Degreaser and Cleaner EZ-PODS

WD-40 Specialist® Degreaser & Cleaner EZ-PODS are concentrated, industrial-strength degreaser and cleaner, offering the most innovative and easiest way to customize cleaning strength to your needs - from sensitive surfaces to the toughest mess. For everyday degreasing jobs, simply drop one EZ-POD in 32 ounces of water in the container of your choice or add a second for stronger degreasing power. Use on automotive parts, shop floors, industrial machinery, commercial appliances, even food processing equipment and facilities, for a variety of degreasing needs. They're also safe to use on sensitive surfaces like plastics, rubber, neoprene, stainless steel, carbon fiber, copper, aluminum, chrome, and painted areas. Perfect for on-the-go, EZ-PODS solve nearly all your degreasing needs from one convenient pouch. They're compact, portable, and ready to mix and go.
