

WD-40 SPECIALIST® FOOD-PROCESSING FACILITY DEGREASER & CLEANER EZ-PODS

PRODUCT DESCRIPTION

WD-40 Specialist Food-Processing Facility Degreaser & Cleaner EZ-Pods, with a concentrated, industrial-strength formula, allow you to customize cleaning strength to your needs. For everyday degreasing jobs, simply drop one EZ-Pod per 32 ounces of water in the container of your choice or add a second for even stronger degreasing power. Food-Processing Facility Degreaser & Cleaner EZ-Pods are safe to use on multiple surfaces including most metals, plastics, rubbers, neoprene, stainless steel, carbon fiber, and concrete, when used as directed.

PACKAGING

APPLICATIONS

- Poultry & Meat Processing Plants
- Food Packaging & Distribution Centers
- Bakeries
- Beverage/Brewing Facilities
- Food Storage Areas

FEATURES & BENEFITS

- Customizable strength
- Works within minutes and leaves no residue
- Safe on multiple surfaces when used as directed
- Use in a variety of containers
- Saves space. Easy to store and carry
- Non-abrasive and non-corrosive
- NSF Nonfood Compound Program Listed A1, A2, A4, A8

PHYSICAL & CHEMICAL PROPERTIES

BOILING POINT (INITIAL):	100°C (212°F)	DENSITY:	1.07
SOLUBILITY IN WATER:	Fully miscible in water	pH:	8.6 – 9.2
VAPOR PRESSURE:	<0.1 hPa @ 20°C (68°F)	VAPOR DENSITY:	Not established
AUTOIGNITION TEMP	400°C (752°F)	VOC:	0%
COEFFICIENT OF WATER/OIL DISTRIBUTION:	Not established	APPEARANCE/ODOR:	Pale yellow liquid in pods
FLASHPOINT:	160°C (320°F)	FLAMMABLE LIMITS:	None

PERFORMANCE RESULTS

Test Method ASTM G-122

A standard test for evaluating the effectiveness of cleaning agents that measures the percentage of soil removed. The data indicates average removal scores for oily and greasy soils.

Test Lab: WD-40 Co. Technical Center (Pine Brook, NJ); Test Dates 01/2024

A2 Soil*	98.3%
Calcium Sulfonate Grease	96.3%

*33g vegetable shortening, 33g lard, 33g vegetable oil, and 1g carbon black.

DIRECTIONS

NO FOOD CONTACT – Protect or remove food from area before use. **ADD** water to a clean container of choice, then **DROP** in 1 to 2 liquid pod(s) per 32 fl oz of water. EZ-Pods dissolve faster in warm water. **WAIT** at least 1 minute for pod(s) to begin dissolving. **SHAKE or STIR** until pod(s) completely dissolve. **SPRAY** onto surface to be degreased or cleaned, then rinse with potable water. For tough, caked-on grease and dirt, allow solution to set for a few minutes. Repeat if necessary.

WD-40 SPECIALIST® FOOD-PROCESSING FACILITY DEGREASER & CLEANER EZ-PODS

STORAGE

Store pods in a cool and dry area away from incompatible materials. Avoid heat and direct sunlight.

DISPOSAL

Dispose in accordance with local, state, and federal regulations.

SPECIAL USE WARNINGS

Precautions for Safe Handling: Avoid contact of liquid concentrate with eyes, skin, and clothing. Avoid breathing liquid concentrate mists. Use with adequate ventilation. Keep away from excessive heat, hot surfaces, and open flames. Wash thoroughly with soap and water after handling. Keep container closed when not in use. Keep out of the reach of children.

FIRST AID: Ingestion (Swallowed): If the liquid concentrate is accidentally swallowed, rinse out mouth and give sips of water. Do not induce vomiting. Call physician, poison control center or the WD-40 Safety Hotline at 1-888-324-7596. **Eye Contact:** If contact with the liquid concentrate occurs, flush thoroughly with water. Remove contact lenses, if present, after the first 5 minutes and flush again with water for at least 15 -20 minutes. Get immediate medical attention. **Skin Contact:** If contact with the liquid concentrate occurs, wash with soap and water for several minutes. Remove contaminated clothing and wash before reuse. If irritation develops and persists, get medical attention. **Inhalation (Breathing):** First aid is normally not required. If inhaled during bulk processing and irritation develops, discontinue use, and move to fresh air. Get medical attention if irritation persists.

REGULATORY INFORMATION

U.S. Federal Regulations: CERCLA 103 Reportable Quantity: This product is not subject to CERCLA reporting requirements. Many states have more stringent reporting requirements. Report spills and other releases as required under federal, state, and local regulations. **SARA TITLE III: Hazard Category For Section 311/312:** Refer to Section 2 for the OSHA hazard classification. **Section 313 Toxic Chemicals:** This product contains the following chemicals subject to SARA Title III Section 313 Reporting requirements: None **Section 302 Extremely Hazardous Substances (TPQ):** None **EPA Toxic Substances Control Act (TSCA) Status:** All the components in this product are listed on the TSCA inventory. **VOC Regulations:** This product complies with the consumer product VOC limits of CARB, the US EPA and states adopting the OTC VOC rules. **California Safe Drinking Water and Toxic Enforcement Act (Proposition 65):** This product does not require a California Proposition 65 warning. **Canadian Environmental Protection Act:** All the ingredients are listed on the Canadian Domestic Substances List or exempt from notification.
