

WD-40 SPECIALIST® DEGREASER & CLEANER EZ-PODS

PRODUCT DESCRIPTION

WD-40 Specialist Degreaser & Cleaner EZ-Pods contain a powerful degreasing & cleaning concentrate that is designed for maximum portability and customization to help get the Job Done Right® wherever you are. There's no need for careful measurements - simply drop one EZ-Pod into approximately 32 fl. oz. of water¹ and dissolve for everyday degreasing jobs, or add a second pod for even stronger degreasing power. EZ-Pods can be used in spray bottles, buckets, and power washers to take on almost any challenge. Take on messes in industrial, commercial, and residential kitchens, factories, and auto shops.

Non-abrasive, non-corrosive, residue-free and containing no harmful fumes, Degreaser & Cleaner EZ-Pods are safe to use on multiple surfaces, including most metals, plastics, rubbers, neoprene, stainless steel, and carbon fiber (when used as directed). For tough, caked-on grease and dirt, allow solution to set for a few minutes, then wipe off or rinse with water. For use in food-processing facilities, rinse with potable water. Repeat if necessary.

¹EZ-Pods dissolve best in warm water.
