

Significant Event Notice (SEN)

May 2024

This notice provides you with information on a change to GuildSuper and GuildPension fees and costs. The change comes into effect on 1 May 2024.

We've made changes to our fees

Reducing part of our administration fees for all products

We're committed to providing a fee structure that helps protect the account balances of our members. That's why we have lowered our dollar-based administration fees across all products effective 1 May 2024 from \$104 p.a. to \$88.40 p.a. for our MySuper, MyMix, and GuildPension investment options.

Investment Fees and Costs or Transaction Costs have changed for some products

Investment Fees and Costs and Transaction Costs have changed due to estimates of the underlying costs paid in a 12 month period (relying on available data as at the preparation of this notice). These fees are deducted from the investment option daily before the unit price and not directly from your account. The fee changes impact some of our investment options and are summarised below.

Example of annual fees and costs for a superannuation product

The table shows a comparison of the ongoing annual fees and other costs¹ you would pay if you had \$50,000 invested in the MySuper Consolidating Lifestage prior to and from 1 May 2024.

Fee Type	Fees prior to 1 May 2024	Fees from 1 May 2024
Administration Fees and Costs	\$104 p.a. Plus 0.15% p.a. Plus 0.02% ² p.a (estimated)	\$88.40 p.a. Plus 0.15% p.a. Plus 0.02% ² p.a (estimated)
Investment Fees and Costs (estimated)	0.53% ³ p.a.	0.54% ³ p.a.
Transaction Costs (estimated)	0.02% p.a.	0.05% p.a.
Total Cost of Product	\$464⁴ p.a.	\$468.40⁴ p.a.

¹ Additional fees, e.g. insurance fees and activity fees, may apply. The actual cost for the product will depend on your account balance and your selected investment option(s). If your account balance for a product is less than \$6,000 at the end of the financial year (or when you close your account), certain fees and costs charged to you in relation to administration and investment are capped at 3% of the account balance for the year (or the period until your account is closed). Any amount charged in excess of that cap must be refunded.

² An additional percentage-based fee may be deducted from the Fund's Contingency Reserve to cover additional costs incurred by the Fund. This is not deducted directly from your account or reflected in the calculation of unit prices. The fee shown is based on an estimate of the year ending June 2023.

³ Investment fees and costs include an amount of up to 0.04% for performance fees depending on the investment option. The calculation basis for this amount is set out in the How GuildSuper Works Guide.

⁴ Applicable to the Consolidating life stage of the MySuper product. Combined ongoing fees and costs for other life stages of the MySuper product are lower. The cost of product includes estimates which are based on the actual costs to 31 March 2024 and estimates for the 3 months to 30 June 2024.

The cost of product below provides a summary calculation for all products and investment options in the Fund. It is calculated in the manner shown in the above example of annual fees and costs.
