

Target Market Determination

For GuildPension

Effective Date: 22 November 2024

The GuildPension is a decumulation superannuation product with tax-effective earnings that offers three investment options and flexible draw-down options.

1. About this document

This Target Market Determination (TMD) is a publicly available document required under section 994B of the *Corporations Act 2001 (Cth)*. It sets out the target market for the product, triggers to review the target market and certain other information. It forms part of Guild Retirement Fund's design and distribution framework for the product.

This TMD seeks to offer consumers, distributors and staff with an understanding of the class of consumers

for which this product has been designed, having regard to the objectives, financial situation and needs of the target market.

This document is not to be treated as a full summary of the product's terms and conditions and is not intended to provide financial advice. Consumers must refer to the Product Disclosure Statement (PDS) and any supplementary documents when making a decision about this product.

3. Class of consumers that fall within this target market

The information below summarises the overall class of consumers that fall within the target market for Guild TTR Pension.

This GuildPension **is** designed for consumers who have met a Condition of Release and who generally meet most of the following criteria:

- Australian or New Zealand citizen or permanent resident of Australia;
- Have at least \$10,000 in superannuation savings to start an income stream;
- Would like to draw an income stream, subject to minimum and maximum annual payments limits as determined by the Government;
- Want access to a range of investment options and investment choice (please refer to the 'GuildPension Product Disclosure Statement' for the full list of available investment options);
- Are looking to implement an investment strategy, with or without financial advice, that suits their individual goals and objectives by taking into account the likely return, the level of risk and investment timeframe;
- Are seeking to receive consolidated, detailed and transparent reporting for their investments;
- Would like the option to elect that account balance is paid as a lump sum to one or more dependants and/or legal representatives in the event of their death;
- Would like the option to elect that the income stream continues to be paid as a reversionary pension to an eligible dependent upon death;
- Would like the opportunity for the income stream to be paid to their spouse (or other eligible dependant) in the event of their death;
- Are seeking to establish one of the available account-based pension options:
 - Transition to Retirement Pension (TTR);
 - Account-Based Pension.

This GuildPension **is not suitable** for consumers who:

- Are receiving the PDS outside of Australia;
- Are not an Australian or New Zealand citizen or permanent resident of Australia
- Want to make contributions to this product after the pension product is established;
- Require the income stream to be less than the minimum or greater than the maximum permitted to be paid by the product under law.
- Have a TTR Pension and wish to make commutations.
- Have not met a condition of release.

- Want to hold insurance cover inside a superannuation product.
- Want a particular investment option that is not available in the menu.

2. Product description and key attributes

Types of accounts

The GuildPension is suitable for a consumer wishing to establish the following account-based pension types:

- **Account-Based Pension account** - This account type will suit a consumer who has retired or satisfied some other condition of release which allows full access to a member's superannuation benefits (i.e. for those with unrestricted non-preserved benefits).
- **Transition to Retirement Pension account (TTR)** - This account type may suit a consumer who has reached their preservation age but has not retired or met some other condition of release. With a TTR, while a consumer is still working, they can continue to receive employer contributions into an accumulation-type account while at the same time drawing on their superannuation benefits via a separate pension account to supplement their employment income.

The key product attributes of this GuildPension are:

- A minimum of \$10,000 at commencement;
- A choice of three investment options;
- A choice of flexible payment frequencies;
- Access to tools and information to help you manage your super savings, including the Learning Hub and financial calculators available on the Fund website;
- 24/7 access to Members Online to check your account balance, update your details or investments.
- Access to limited personal advice regarding transition to retirement, pension options and the impact of 'Age Pension' benefits. An adviser service fee is payable directly to the adviser for advice. Limited personal advice is provided by Future Group Financial Services Pty Ltd, not the Trustee.

Objectives, financial situation, and needs

The table below sets out the class of customers that each investment option within GuildPension has been designed for:

Investment option	Investment objective	Who might it suit?	Minimum suggested timeframe	Risk level
Secure	To provide gross investment returns at least equal to the Bloomberg Bank Bill Index returns over rolling 1-year periods.	May suit investors who are primarily concerned with short-term security of capital.	1 year	Very low
Balanced	To provide net (after investment fees and investment tax) investment returns of at least 1.25% per annum above CPI increases over rolling 5-year periods.	May suit investors who seek to maximise long-term returns without being overly concerned with short-term volatility of returns.	8 years	Medium to High
Growth	To provide net (after investment fees and investment tax) investment returns of at least 3.0% per annum above CPI increases over rolling 8-year periods.	May suit investors who want to achieve strong returns over the long term and are comfortable with periods of short-term volatility.	10 years	High

Consistency between target market and the product

This product is likely to be consistent with the likely objectives, financial situation and needs of the class of consumers in the target market. This is based on an analysis of the key terms, features and attributes of the product and a finding that these are consistent with the identified class of consumers.

The GuildPension product:

- Has been designed to cater for consumers joining the product directly;
- Has a range of range of investment options to cater for a range of risk profiles;

- Has fees and costs associated with the product that are consistent with market rates; and,
- Includes financial tools and information relevant to the target market.

The GuildPension TMD will be next reviewed triennially, unless a review trigger occurs before that time (see Section 6 below for an outline of review triggers). During the review, the Trustee will carefully consider whether the GuildPension continues to be suitable for consumers in the target market.

4. How this product is to be distributed

Distribution channels

This product is designed to be distributed digitally through the following means:

- Directly through online or paper-based application forms, Member Online portal, webinars and the Fund's contact centre;
- Third parties that have been authorised by the Trustee to distribute the product.

Distribution conditions
