

Project Management Service

Upgrade Your Property with Marshall White Project Management

At Marshall White, our Project Management service is designed to help residential rental providers enhance their properties and boost investment performance. By upgrading key areas, we help you achieve higher rental returns, reduce vacancy periods, attract quality renters, secure longer leases, and, ultimately, optimise the value of your property. This service is particularly beneficial for properties with older interiors that struggle to compete with newer homes featuring modern, fresh designs. Simple updates can transform a space, making your property more appealing to prospective renters while simultaneously increasing its market value.

How It Works

Our team identifies opportunities for improvement, focusing on areas that will deliver the greatest impact. We coordinate all aspects of the upgrade, working with trusted contractors to ensure a seamless and stress-free process. Advice is tailored to your property goals and budget, helping you maximise the return on your investment.

Service Fee

Our fee is 11% (including GST) of the total project cost for works exceeding \$2,000.
