

Eliminating Single Use

TOP TIPS FOR CITY BUSINESSES

If you are a café or takeaway food outlet

- Encourage BYO
- Use re-usable items for eat-in customers
- If you provide compostable food packaging, provide an associated organics waste stream for disposal
- Get involved with a container exchange network
- Keep straws behind the counter and only provide on request – advertise being straw free.

If you are a commercial office owner or tenant

- Encourage staff to use office cups, crockery and cutlery
- Work with local food outlets to encourage them to become part of a container exchange network and reward them with your custom when they do
- Adopt an organics waste stream
- Include single use item reduction targets in lease and contract agreements.

If you organise events

- Encourage BYO
- Provide water stations to refill water
- Investigate reusable cup and food container options
- Specify the use of compostable materials only for all food and beverage stalls and provide an organics waste stream.

If you are a hotel or entertainment venue

- Keep straws behind the counter and only provide on request – advertise being straw free
- Make tap water readily available with washable/ reusable cups
- Prioritise reusable cups for hot and cold drinks
- Adopt an organics waste stream
- Include requirements to avoid single use items in lease and contract agreements.
