

# Ambition into Achievement, making Sydney a sustainable destination

**SUSTAINABLE  
DESTINATION  
PARTNERSHIP**

In 2024, the Sustainable Destination Partnership helped Sydney place in the top 10 cities globally on the Global Destination Sustainability Index. By working together, we turn vision into action, ambition into achievement. It's through this collective effort that we continue to drive meaningful change, ensuring that every step forward creates lasting value.

## Our progress since 2018

## Our stories

**Sydney is Australia's most  
sustainable destination,  
and top 10 globally**
