Host

What Works to Prevent
Violence: Impact at Scale
(What Works II)

Join What Works II for an evening marking over a decade of evidence, partnership, and impact on preventing violence against women and girls.

This flagship event brings together researchers, practitioners, and donors for an evening of evidence and storytelling, from the latest findings on scaling prevention to partner-led reflections on what it takes to move from innovation to institutionalisation.

The evening includes an **“Evidence in Action”** segment sharing What Works II’s synthesis on scale, a **“Partner Voices”** moderated discussion with grantee partners on pathways to scale, and an **Evidence & Learning Marketplace** for informal networking.
