Years

Comments

You are eligible to apply for a Snow Fellowship if you are within the 10-year (PhD) and 12-year (MD/PhD) post-PhD year limits. In cases of Career Disruption, these limits may be extended commensurate with the period of the Career Disruption.

Please refer to "Career Disruptions and consideration of other career circumstances" in the FAQs on our website for more information on what constitutes 'Career Disruption' for the purpose of determining an applicant's eligibility to apply for a Snow Fellowship.

Statement of Intent

Description of why applicant is applying for the Snow Fellowship and how expected skills and experience are met

The intent of a Snow Fellowship is to accelerate the research program, career and leadership development, of outstanding researchers and their teams.

Your response should indicate how award of the Fellowship will allow you to plan and undertake an 8 year scientific program at a scale and vision not otherwise achievable. Please provide a short description of why you are applying for the Snow Fellowship and how you meet the expected skills and experience.

300 words.

Track record

Research opportunity and performance statement

Please detail any significant interruptions to your career which have affected your research capacity, productivity or contribution. We take gender equity seriously and research output relative to opportunity is an important element of assessment of track record.

Please refer to "Career Disruptions and consideration of other career circumstances" in the FAQs on our website for more information on which career disruptions and other career circumstances are considered during the assessment of a candidate's track record.

300 words.

Certification

Applicant certification

I certify that:

- (i) all information in the application is true, accurate and complete;
- (ii) I meet the eligibility criteria for the Snow Fellowship as specified in the Funding Rules;
- (iii) I have complied with and agree to the Snow Fellowship Funding Rules;
- (iv) there are no allegations of research misconduct currently being investigated against me nor have any allegations been previously upheld;

- (v) there are no allegations of bullying and harassment currently being investigated against me nor have any allegations been previously upheld;
- (vi) no conflicts of interest exist in connection with this application and the research proposal. If a conflict of interest arises, I will immediately report it to my Host Organisation and Snow Medical;
- (vii) I will promptly notify Snow Medical if there are any changes in my circumstances that affect my eligibility or participation in the research project that is subject to this application form; and
- (viii) I have read, understood, and agree to Snow Medical's Privacy Policy and consent to my personal information being disclosed to overseas entities, organisations or individuals in connection with the assessment of my grant application.
