**Motion for a resolution**  
**Paragraph 18 a (new)**

*Motion for a resolution*

*Amendment*

***18 a. Calls on the Commission to create a data space for the circular economy that incentivises and enables the fair access to and sharing of data and information. It should help create the conditions for sharing information about products, materials and substances between producers, traders, waste operators and consumers while recognising the different needs of all the stakeholders in the value chain.***

**Amendment 2**  
**Mohammed Chahim**

**Motion for a resolution**  
**Paragraph 18 b (new)**

*Motion for a resolution*

*Amendment*

***18 b. Calls on the Commission to develop general guidelines for the tracking and mapping of products, materials and substances across value chains. They should be feasible, with a set of minimum criteria for sharing data (including on toxic substances), while enabling companies to safeguard commercial and strategic information (i.e. IPRs, know-how). The aim should be to provide, for example, consumers with the information necessary to use, repair and recycle a product. It is worth building on the experiences and lessons of those companies that are already transparent***

*about their due diligence, and products' environmental footprint, and material and substance composition.*

**Amendment 3**  
**Mohammed Chahim**

**Motion for a resolution**  
**Paragraph 18 c (new)**

*Motion for a resolution*

*Amendment*

*18 c. Calls on the Commission for the development of digital product passports to systematise the tracking and tracing of products. The aim should be to provide governments, producers, traders, retailers, consumers, repair shops and waste operators the information they need for the sustainable development, production, use, recycling and disposal of the products.*

**Amendment 4**  
**Mohammed Chahim**

**Motion for a resolution**  
**Paragraph 18 d (new)**

*Motion for a resolution*

*Amendment*

*18 d. Calls on the Commission to update the EU's Ecolabel scheme for the digital age. Digitally-enabled solutions (e.g. QR codes, apps, online platforms) should be used to clarify and communicate the relevant information to stakeholders in the value chain. They could also help consumers make sustainable choices.*

**Amendment 5**  
**Mohammed Chahim**

**Motion for a resolution**  
**Paragraph 18 e (new)**

*Motion for a resolution*

*Amendment*

**18 e. Calls on the Commission to encourage online platforms to provide information on products with an EU ecolabel, as well as official national ecolabels, and enable consumers to filter more sustainable products.**

**Amendment 6**  
**Mohammed Chahim**

**Motion for a resolution**  
**Paragraph 24 a (new)**

*Motion for a resolution*

*Amendment*

**24 a. Calls on the Commission to stop or phase out the sale of a range of specific plastic products that by nature and use are designed to be thrown on the ground in the outdoors after one single use; plastic products that in practice require an enormous amount of effort to clean up afterwards; a category of literally ‘single-throw plastic’; including plastics in fireworks, waterballoons, plastic-confetti and fake-plastic-snow;**

**Amendment 7**  
**Mohammed Chahim**

**Motion for a resolution**  
**Paragraph 24 b (new)**

*Motion for a resolution*

*Amendment*

**24 b. Calls on the Commission to use the guidelines as set up in the Dutch Blastic Treaty and the Dutch Splash plastic treaty as an example to phase out or ban certain products straight away; as data suggests that the implementation of these two treaties will have an effect on urban plastic litter which is equal to the effect of the ban of the 10 products banned within the Single Use Plastics Directive.**

**Amendment 8  
Mohammed Chahim**

**Motion for a resolution  
Paragraph 24 c (new)**

*Motion for a resolution*

*Amendment*

**24 c. Calls on the Commission to stimulate and facilitate reuse options for on-the-go plastic packaging and containers; endorse in this regard the implementation of so called latte-levy's; a financial incentive on individual level which greatly stimulates the use of reusable cups.**

**Amendment 9  
Mohammed Chahim**

**Motion for a resolution  
Paragraph 24 d (new)**

*Motion for a resolution*

*Amendment*

**24 d. Calls on the Commission to devise measures to assess the risk of littering of plastic products at the design phase for**

*outdoor use, such as toys, games and  
decoration.*
