#CIMCONNECT2024

CIM CONNECT 2024!

With excitement and anticipation, I invite you to the much-awaited annual gathering of the mining industry, now proudly known as CIM Connect 2024! This year promises to be another extraordinary event, following a record-breaking CIMTL 23 in Montréal, and we are thrilled to share some exciting updates with you.

As we embark on this new chapter, the rebranded CIM Connect truly embodies our mission – connecting members, potential members, students, and corporations. It's about bringing people together to connect, exchange ideas, collaborate, innovate, and ultimately, evolve the industry.

Our new logo, a vibrant representation of this transformation, showcases our global reach, with minerals symbolizing the seven continents, minerals that are the essence of our industry, in the colours of Vancouver, our host city.

The conference theme, “Brand Canada: Our Critical Advantage,” highlights Canada’s unique role within the global minerals, metals and energy landscape. It underscores our commitment to developing valuable resources responsibly and showcasing leadership in the field. This theme will provide a platform for exploring the significance of Canada’s critical advantage in the world, emphasizing our strategic importance, and how we can leverage these advantages.

Prepare for three full days of immersive learning and knowledge exchange, complemented by professional development courses in the days leading up to the convention. Our expansive tradeshow will be buzzing with companies showcasing cutting-edge products and services, offering a unique opportunity for networking and discovery. This year’s event will also include the 14th International Symposium on Mining with Backfill adding greater scope and depth to the proceedings.

We look forward to welcoming you to the breathtaking city of Vancouver, where the Pacific meets the mountains, from May 12 to 15, 2024. Let’s connect, exchange invaluable insights, and pave the way for a brighter future for the mining industry.

See you in Vancouver!

John Davidson

CIM Connect 2024 Convention Chair

CIM would like to acknowledge that CIM Connect 2024 will be held on the traditional territories of the Coast Salish people, including the lands of the Musqueam (mus-kwee-um), Squamish and Tsleil-Waututh (SLAY-wah-tooth) Nations.

CIM CONNECT 2024!

C'est avec un grand enthousiasme que je vous invite à la rencontre annuelle tant attendue de l'industrie minière, désormais fièrement connue sous le nom de CIM Connect 2024 !

Cette année promet d'être un événement extraordinaire, après le succès record de CIMTL 23 à Montréal, nous sommes ravis de partager avec vous quelques mises à jour passionnantes.

Alors que nous entamons ce nouveau chapitre, le CIM Connect réinventé incarne véritablement notre mission – connecter les membres, les futurs membres, les étudiants et les entreprises. Il s'agit de rassembler les gens pour se connecter, échanger des idées, collaborer, innover et, faire évoluer l'industrie.

Notre nouveau logo, une représentation dynamique de cette transformation, met en valeur notre portée mondiale, avec des minéraux symbolisant les sept continents, des minéraux qui sont l'essence de notre industrie, et les couleurs vibrantes de Vancouver, notre ville hôte.

Le thème de la conférence, « La marque canadienne: un avantage décisif », met en évidence le rôle unique du Canada dans le paysage mondial des minéraux, des métaux et de l'énergie. Il souligne notre engagement à développer les ressources précieuses de manière responsable et à montrer notre leadership dans le domaine. Ce thème offrira une plateforme pour explorer l'importance du Canada dans le monde, en mettant l'accent sur notre importance stratégique et en soulignant comment nous pouvons tirer parti de ces avantages.

Préparez-vous à trois journées complètes d'apprentissage immersif et d'échange de connaissances, complétées par des cours intensifs les jours précédents la convention. Notre vaste salon professionnel sera animé par des entreprises présentant des produits et services de pointe, offrant une occasion unique de réseautage et de découverte. L'événement de cette année comprendra également le 14e Symposium international sur l'exploitation minière avec remblai, ajoutant une plus grande envergure et profondeur aux débats.

Nous sommes impatients de vous accueillir dans la magnifique ville de Vancouver, où le Pacifique rencontre les montagnes, du 12 au 15 mai 2024. Connectons-nous, échangeons des idées inestimables et ouvrons la voie à un avenir plus prometteur pour l'industrie minière.

À bientôt à Vancouver !

GENERAL SESSIONS SÉANCES GÉNÉRALES

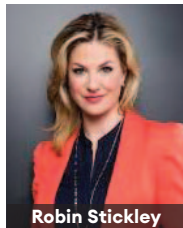

OPENING PLENARY SESSION SÉANCE PLÉNIÈRE D'OUVERTURE

Sponsored by: 

MONDAY MAY 13 | 8:30 LUNDI 13 MAI | 8h30

Centred around the overarching theme of “Brand Canada: Our Critical Advantage,” CIM Connect aims to cast a spotlight on Canada’s distinctive position in the global minerals, metals and energy sectors. Emphasizing our commitment to responsible resource development, the convention will delve into industry challenges and showcase leadership excellence.

MODERATOR

Robin Stickley

Our Opening Plenary initiates the three-day journey by scrutinizing the Canadian advantage in the minerals industry from diverse perspectives.

Robin Stickley is an award-winning career journalist with 20 years of newsroom experience; leading from the anchor desk and reporting from the story front lines on both local and national network platforms. Robin has worked as an anchor and reporter in newsrooms across Western Canada and served as the Washington DC Foreign Correspondent for Global National covering stories in the United States for the network. She has anchored Global BC’s Morning Show, 5pm newscast, the Weekend News Hour at 6 and served as fill-in host regularly for Global National.

PANELISTS TO BE CONFIRMED

GENERAL PANEL SESSIONS SÉANCES GÉNÉRALES, PANELS DE DISCUSSION

TUESDAY MAY 14 | 8:30 MARDI 14 MAI | 8h30

PANELISTS

Carolyn Chisholm

Christy Smith

The Tuesday morning general panel session will continue the journey started on Monday morning by exploring the synergy between industry, government and communities in bolstering the Canadian advantage.

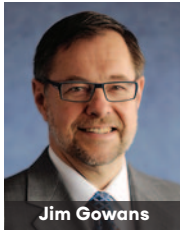

MODERATOR Robin Stickley

TECHNICAL PROGRAM PROGRAMME TECHNIQUE

Building upon the conference theme, **“Brand Canada: Our Critical Advantage,”** our technical program will bring industry professionals together to delve into the essential discussion of how we can strategically embrace key innovations to position ourselves as leaders in the mineral supply chain.

The technical program spans three full days and encompasses a variety of formats, including technical presentations, panel discussions, fireside chats and round-table sessions. It’s important to note that the technical program will conclude with a closing session from 15:30 to 16:45 on Wednesday, May 15, followed by the closing reception. We recommend adjusting your hotel reservation accordingly to ensure your participation in the exciting program on the final day.

The complete program, featuring sessions, presenters, and panelists, will be available in March on the CIM Connect website convention.cim.org under the Technical Program section.

CANADIAN MINING EDUCATION FORUM

Revitalizing Mining Education – International Perspectives

This forum topic aims to address the declining interest in mining education and explore strategies for revitalizing the field. By bringing together experts, educators and stakeholders from different countries, we can learn from each other's experiences and devise innovative solutions. This platform can serve as a hub for sharing best practices, research and collaborative initiatives.

WOMEN IN MINING PANEL

In addition to our scheduled program, we will host a “Women in Mining Panel,” organized by Women in Mining BC, providing a platform for discussions on the invaluable contributions and perspectives of women in the mining industry. This panel aims to highlight achievements, challenges and opportunities for women professionals in the field.

We are pleased to announce that the 14th International Symposium on Mining with Backfill (Minefill 2024) will be co-locating with CIM Connect 2024 (May 12 to 15).

This prestigious event brings together leading professionals and experts from the global mining industry to exchange knowledge, explore innovative solutions, and shape the future of mine backfill and its place in mine waste management.

The Minefill Symposium stands out for providing a unique platform that fosters collaboration,

showcases cutting-edge research and promotes best practices in the field of mine backfill. It serves as a valuable opportunity for researchers, engineers, industry leaders, and policy makers to connect, share insights, and contribute to the sustainable development of mining operations worldwide.

As a Minefill attendee, you will have access to the CIM expo as well as all the CIM social events.

For an additional \$100 on your registration fee, you have the opportunity to attend both technical programs, CIM Connect 2024 and Minefill 2024.

TECHNICAL PROGRAM TOPICS Backfill in the Mine Waste Cycle ■ Backfill Properties & Testing ■ Backfill Production & Equipment ■ Backfill Reticulation & Placement ■ Geomechanics & Backfill Containment ■ Backfill Operation ■ Case Studies

MONDAY MAY 13 LUNDI 13 MAI

SYMPOSIUM OPENING & KEYNOTE | 8:00

OUVERTURE DU SYMPOSIUM ET PLENIÈRE | 8h

We're excited to begin Minefill 2024 with keynote speaker Russell Evans, a mining veteran with 35+ years of global experience. Currently Director of Backfill Operations at Agnico Eagle Mines, he's played key roles in over 30 paste plants and eight rockfill plants worldwide, including leading the construction of Australia's first paste plant and introducing the first gold mine paste tailings system.

TUESDAY MAY 14 MARDI 14 MAI

TUESDAY PANEL SESSION | 11:30

MARDI SESSION PANEL | 11h30

This panel discussion promises a focused exploration of crucial aspects of backfill, from waste management dynamics to practical implementation and real-world case examples.

MINEFILL BANQUET | 18:00 BANQUET DE MINEFILL | 18h

This friendly evening will provide a perfect opportunity for networking and celebrating the achievements of the mining industry in an exceptional setting.

Delegates \$75 | Guests \$150

WEDNESDAY MAY 15 | 12:10 MERCREDI 15 MAI | 12h10

Participants can enjoy lunch with the opportunity to meet and engage in relaxed networking in a conducive environment.

SUNDAY MAY 12 DIMANCHE 12 MAI

SHORT COURSE | 9:00-17:00 COURS INTENSIF | 9h-17h

Introduction to Backfill Design and Operations

Explore crucial aspects of mining backfill, often overlooked until issues arise. This one-day course delves into backfill methods, emphasizing the key connections between geomechanics, system design, operation and management. Learn the fundamentals for sizing, designing and operating mine backfill systems effectively, with a focus on implementing and managing best-practice operations. Participants will gain insights into the requirements for a safe and reliable backfill system.

minefill2024.cim.org

SHORT COURSES COURS INTENSIFS

There will be 31 highly specialized short courses offered by top experts in their fields, immediately preceding the conference. These in-depth courses are essential for professionals who want to stay abreast of the most recent developments and techniques in their areas of expertise. The short courses are available on a first-come, first-served basis. The organizer reserves the right to cancel a short course if the number of participants does not meet the minimum number required to hold a short course.

Trente-et-un cours intensifs sont proposés par des experts de renom dans leur domaine, immédiatement avant la conférence. Ces cours sont essentiels pour les professionnels qui souhaitent se tenir au courant des développements et des techniques les plus récents dans leur domaine d'expertise. Les cours sont disponibles selon le principe du premier arrivé, premier servi. L'organisateur se réserve le droit d'annuler une session si le nombre de participants ne répond pas au nombre minimum requis pour la tenue d'un cours court.

Two-day short course

Price includes four coffee breaks, two lunches and course notes
Regular registration: \$750
Student registration: \$200

Full day short course

Price includes two coffee breaks, lunch and course notes

Showcase your talents to leading mining industry professionals. Put your best foot forward and submit an abstract online before March 3, 2024, on topics ranging from geology and mining to processing and sustainability. Cash prizes will be presented to three winners at Tuesday's Student-Industry Luncheon.

Présentez vos talents aux plus grands professionnels de l'industrie minière. Soumettez un résumé en ligne avant le 3 mars 2024 sur des sujets allant de la géologie à l'exploitation minière, en passant par le traitement et la durabilité. Des prix en argent seront remis à trois gagnants lors du déjeuner étudiant-industrie de mardi.

MONDAY MAY 13 LUNDI 13 MAI

Speed mentorship | 11:00

Mentorat rapide | 11h

Just like speed dating, you'll have a chance to chat with mentors from different companies, roles and disciplines until you find the perfect match.

Tout comme le speed dating, vous aurez l'occasion de discuter avec des mentors de différentes entreprises ayant des rôles et disciplines variés jusqu'à ce que vous trouviez le match parfait.

MONDAY MAY 13 LUNDI 13 MAI

CIM poster cocktail | 15:30

Cocktail du concours d'affiches | 15h30

Enjoy catching up with others who share your interests and watch the judges review the posters. Poster competition winners will be announced at the Student-Industry Luncheon on Tuesday, May 14.

Prenez plaisir à rencontrer d'autres personnes qui partagent vos intérêts et regardez les juges examiner les affiches. Les gagnants du concours d'affiches seront annoncés lors du déjeuner étudiant-industrie le mardi 14 Mai.

TUESDAY MAY 14 MARDI 14 MAI

Student-industry luncheon | 12:00

Lunch de réseautage étudiants-industries | 12h

Make that all-important contact with the mining professionals who can help propel your career at the Student-Industry Luncheon. Practice networking skills by engaging with potential employers and mentors in this select and professional networking environment.

Établissez ce contact très important avec les professionnels de l'industrie minière qui peuvent vous aider à propulser votre carrière lors du lunch étudiant-industrie. Réseauter en vous engageant avec des employeurs et des mentors potentiels dans cet environnement de réseautage sélect et professionnel.

Recruiter's reception | 15:00

Réception des recruteurs | 15h

At our recruiter's reception, you'll have the chance to engage in meaningful conversations with professionals who possess a wealth of knowledge and experience in your desired field. They are here to listen, understand your aspirations, and guide you towards the perfect career fit.

À la réception des recruteurs, vous aurez la chance d'engager des conversations significatives avec des professionnels qui possèdent une richesse de connaissances et d'expérience dans le domaine de votre choix. Ils sont là pour vous écouter, comprendre vos aspirations et vous guider vers la carrière idéale.

Our annual event is coming back to Vancouver in 2024 under a new name

Showcase your innovation at the **CIM CONNECT** convention + expo

Don't miss out – reserve your booth today!

Spotlight your brand: Display your innovative products and fresh ideas centre stage at this exceptional event.

Connect & generate leads: Engage with industry leaders and potential customers face-to-face!

Valuable market insights: Explore emerging technologies, as well as inventive new solutions and services across the mining industry.

BOOK YOUR BOOTH TODAY!

CIM CONNECT EXPO: THE TRADE SHOW

L'EXPO DE CIM CONNECT: LE SALON COMMERCIAL

Sponsored by  **DRA**

The CIM Connect Expo takes center stage as the premier platform for showcasing cutting-edge technology, innovative solutions, and a diverse range of services. It offers a unique opportunity to engage in conversations with industry professionals, experts, and key decision-makers. Attendees can explore and test products, forge valuable partnerships, and spark new ideas. The CIM Connect Expo extends a warm invitation to all industry professionals, encouraging active participation and the chance to derive significant benefits from this exceptional event.

The CIM Connect Expo has been the leading mining trade show in Canada for decades. The Expo floor showcases the latest mining equipment, tools, technology, hardware, and software. Attendees can experience product demonstrations, explore solutions to industry challenges, chat with exhibitors, or set up focused one-on-one meetings to gain deeper insights and find the answers they need.

This year's Expo will be the biggest so far, with the largest number of pavilions. Explore the latest advancements in our pavilions from Quebec, Northern Ontario Mining Showcase, Saskatchewan Mining Showcase, Africa, Arizona, Australia and China.

Make sure to visit the Young Leaders Pavilion, the Career Center, our Poster Presentations, and the CIMF Silent Auction. And don't forget to stop by the CIM Magazine Lounge to chat with our editors and advertising sales team.

Monday and Tuesday, enjoy luncheons between 12:00 to 14:00 and Monday cocktail from 15:30 to 17:00 and Tuesday cocktail from 14:30 to 16:00.

L'Expo de CIM Connect est le principal salon minier au Canada depuis des décennies. L'Expo présente les derniers équipements, outils, technologies, matériels et logiciels miniers. Les participants peuvent assister à des démonstrations de produits, explorer des solutions aux défis de l'industrie, discuter avec les exposants ou organiser des réunions individuelles ciblées pour approfondir leurs connaissances et trouver les réponses dont ils ont besoin.

L'Expo de cette année sera la plus grande jamais organisée, avec le plus grand nombre de pavillons. Explorez les dernières avancées dans nos pavillons du Québec, du salon minier du Nord de l'Ontario, du salon minier de la Saskatchewan, de l'Afrique, de l'Arizona, de l'Australie et de la Chine.

Ne manquez pas de visiter le Pavillon Jeunes Professionnels, le Centre des carrières, nos présentations d'affiches et la vente aux enchères silencieuse de la FICM. Et n'oubliez pas de vous arrêter au salon du magazine CIM pour discuter avec nos rédacteurs et notre équipe de vente de publicité.

Lundi et mardi, profitez des lunchs entre 12h et 14h et d'un cocktail le lundi de 15h30 à 17h00 et d'un cocktail le mardi de 14h30 à 16h.

#CIMCONNECT2024

MEETING PODS | ESPACES PRIVÉS

Whether to conclude an agreement or interview a potential employee, closed meeting spaces will be available to CIM corporate members, sponsors and convention exhibitors. Reserve the private meeting pods for 30-minute time slots. An attendant will ensure access to as many partners as possible.

First come, first served.

*Que ce soit pour conclure un accord ou interviewer un employé potentiel, des espaces de réunions fermés seront disponibles aux membres corporatifs de l'ICM, nos commanditaires et exposants. Un préposé rendra ces espaces disponibles pour des périodes de 30 minutes. **Premier arrivé, premier servi.***

HOTEL ACCOMMODATIONS HÉBERGEMENT

Conference Direct serves as the official housing bureau for CIM Connect. Take advantage of the online one-stop reservation tool to seamlessly book your room at preferred rates. Due to limited availability, it is advisable to make your reservation early.

Visit [Hotel Reservations – CIM CONNECT](#) for more details.

IMPORTANT: Exercise caution regarding calls or emails claiming to represent CIM. Refrain from providing personal information via phone or email, as such communications may be suspicious.

Conference Direct est le bureau officiel d'hébergement de CIM Connect. Profitez de l'outil de réservation en ligne à guichet unique pour réserver votre chambre à un tarif préférentiel. En raison de la disponibilité limitée, il est conseillé de faire votre réservation à l'avance.

Pour plus de détails, visitez la page [Réservations d'hôtel – CIM CONNECT](#).

IMPORTANT : Faites preuve de prudence en ce qui concerne les appels ou les courriels prétendant représenter l'ICM. Abstenez-vous de fournir des renseignements personnels par téléphone ou par courriel, car de telles communications peuvent être suspectes.
