

It all starts with you and me!

Great recycling starts with you and me.

We all help to keep our city clean, green, and enjoyable.

- 1** Watch the first part of the video with your classmates.
- 2** Take some notes about the main ideas in the video.
- 3** Now share your ideas with the class.

What idea surprised you?

What idea do you want to explore further?

Safe recycling rules

It's important that the workers who help us to recycle plastic, glass, paper, and metal in our bins are kept safe. We can all help.

- 1** Watch the part of the video that shows the "pre-sort."
- 2** Think about the workers and what they do.
- 3** Write some rules for everyone that uses recycling bins.

How can we help to keep the workers safe?

A large yellow graphic organizer template for writing rules. It features a large yellow rectangular frame with rounded corners and a double-line border. At the top, there are four yellow rectangular tabs, resembling binder rings. Inside the frame, there are ten horizontal dotted lines for writing.
