

## Consultant Recommendation Table

1. On separate post-it notes write the name of each New Zealand Region.
2. You are a consultant and you need to provide a recommendation to your clients about which regions are most suitable for investing in a dairy farm. Sort the regions into the three different categories below by using your **Consultant Guidelines** to analyse the range of resources provided.
3. Each time you place or move a region, use a post-it note to record your reasoning.

**New Zealand Regions (15):** Northland, Auckland, Waikato, Bay of Plenty, Gisborne, Hawke's Bay, Taranaki, Whanganui-Manawatū, Wellington, Nelson-Tasman, Marlborough, West Coast, Canterbury, Otago and Southland.

### Dairy Farming Locations

Not ideal conditions.

Environmental adaptations and investment is required.

Ideal conditions.
