

MLG BRIEFS

ISSUE 62 • OCTOBER 2022

MLG BRIEFS

MLG is excited to introduce you to the leaders that make us who we are. In this edition of MLG Briefs meet our leadership team, learn our company values, and hear from past clients. Read on to see why MLG is more than a company.

In this issue:

Letter from the CEO
Letter from the COO
Meet the Attorneys
6 Core Values
Client Reviews
Ways to Connect
Vision for the Future

“

My vision for McCraw Law Group is to transform how personal injury law is practiced. We know what needs to be done to get better results faster and have designed our system around that vision.

LIN MCCRAW
CEO

MORE THAN A VISION

By: Lin McCraw

There is something magical about taking someone whose life has been destroyed and giving them a chance at a better more fulfilling life. Personal injury law not only can do that for an individual, but when you are able to expose systematic safety failures causing injury, and motivate jurors to care, you not only can give an individual or family a chance at a better life, you can improve public safety for all of us going forward. Personal injury law allows me to take care of those whose lives have been put at risk

for no fault of their own while encouraging public safety. Everything we do is designed to make things easier on folks whose lives have been upended by a serious injury or death. We know what has to be done to get better results faster and have designed our whole system around that vision that every client gets consistent, top notch, high quality legal service and that every client can be confident to know that they or their loved ones are receiving the best possible representation.

“

When making decisions for the firm, I consider the firm's core values and how those decisions will be reflective of what our firm represents. We must align with our purpose and what drives us.

GLORIA CAMPOS
COO & FIRM ADMIN

MORE THAN A CULTURE

By: Gloria Campos

A COO has to get it, want it, and have the capacity to do the job of overseeing all the inner-happenings of the organization and put the company's best interest at the forefront of every decision made. When making decisions for the firm, I consider the firm's core values and how those decisions will be reflective of what our firm represents. We must align with our purpose and what drives us. A company that fosters a cohesive environment creates a united team. Every member of leadership must

be navigators of our mission, communicate well, guide and support our team, and aim to be better each day. That's what makes our team the best. We care about each other. We care about our clients. Not many places instill the importance of compassion quite like we do. To get to offer professional services and expertise that can alleviate distress and help those injured back on their feet is fulfilling and allows us to give back to the community we care so deeply about.

“

CHARLIE GINN
DIRECTOR OF
OPERATIONS &
SENIOR
LITIGATION
ATTORNEY

I have a deep appreciation for the struggles that our clients go through. Their entire world has been changed, often permanently. Knowing what my clients are battling on a daily basis has helped to strengthen my resolve in their fight for their recovery.

“

BRYCE HOPSON
LITIGATION
ATTORNEY

I am a people person and enjoy spending time and engaging with people. It is very rewarding to know that the work we do as a team has such a direct and positive impact on our clients' lives.

MORE THAN A TEAM

Having employees living the core values everyday is an underappreciated strength that really does help us get better results faster on serious injury cases. Our core values are HECTOR. Every employee must be hungry to grow and achieve. They must execute - that means take projects on and finish them timely and correctly. They must have compassion for our clients and other team members. They must put team over self. They must take ownership of everything that they touch. They must, most importantly, do the right thing no matter what.

The C in HECTOR is really our secret weapon. Compassion for our clients means setting up our system so that our team members are in regular contact with our clients and are encouraged to intervene when they see something that can make their lives easier or more meaningful. Meals delivered after client surgery, arranging care for pets, helping the client find medical care, transportation, or even just an ear to listen keeps us from being a mill. We are transforming the way personal injury law is delivered.

H hunger

E execute

C compassion

T team over self

O ownership

R do the right thing

MORE THAN TODAY

We would like to thank you for your continued support of MLG as we grow. While we must have growth to be a viable firm giving our employees the potential for advancement they need and deserve, we cannot and will not do so at the cost of losing meaningful relationships with our clients. As a result of that choice we get clients who know we really care. We get better results faster

because we know what is going on with the client and their case every step of the way. We are thankful to serve Texas families and plan to keep our clients as the center of our vision for the future. We hope you will consider us if ever your family is effected by another's negligence. We never charge any money for consultation and we are not paid until we win your case.

MORE THAN SERVICE

“ We were represented by the McCraw Law Group in McKinney, Texas, working mainly with Vanessa Gamez, who is outstanding! We would have endless conversations with Vanessa and never felt rushed or pushed to make quick decisions, she explained the legal process of our situation, so that we understood the direction of the legal proceeding the entire time. We are truly thankful to the McCraw Law Group in our representation and especially to Vanessa Gamez for her outstanding work on behalf of our family. Thank you so much!
~ Kelly H.

“ I cannot begin to tell you how incredibly pleased we are to have the McCraw Law Group handling our case. We were fortunate to be teamed up with Charlie Ginn, and he was simply outstanding from Day 1. Charlie & his team were completely professional at all times. We discussed at length our case, from beginning to end. Reviewing the injury & applicable laws, genuinely seeking our desired outcome, and implementing a realistic plan as to what we could accomplish together. He came through for us 100%. I just don't think he will ever truly know what a difference he has made in the life of our family. Thank you again for being our Champion.
~ Jared E.
