

A Note From Lin

Having employees living the firm's core values every day is an underappreciated strength that really does help us get better results faster on serious injury cases. Our core values

are embodied in the acronym, "HECTOR." Every employee must be **H**ungry to grow and achieve. They must **E**xecute - that means take on projects and finish them timely and correctly. They must have **C**ompassion for our clients and other team members. They must put **T**eam over self. They must take **O**wnership of everything that they touch. They must, most importantly, do the **R**ight thing no matter what.

The "**C**" in HECTOR is really our secret weapon. Compassion for our clients means setting up our system so that our team members are in regular contact with our clients and are encouraged to intervene when they see something that can make their lives easier or more meaningful. Meals delivered after client surgery, arranging care for pets, helping the client find medical care, transportation, or even just an ear to listen keeps us from being a mill. We are transforming the

way personal injury law is delivered.

As a result of our core values, we get clients who know we really care. We get better results faster because we know what is going on with the client and their case every step of the way. We are thankful to serve Texas families and plan to keep our clients as the center of our vision for the future. We hope you will consider us if ever your family is affected by another's negligence. We never charge for consultations, and we are not paid until we win your case.

On behalf of the entire firm, thank you for your continued support of MLG.

Lin McCraw

CEO / Managing Partner

Spotlight: Team Building

In today's fast-paced world, fostering solid bonds among team members is crucial for success. At our recent team-building event, we hit it out of the park with an unforgettable day at the Texas Rangers baseball game. The atmosphere was electric as our team came together to cheer, bond, and

celebrate our love for the sport. This action-packed day at the ballpark not only created lasting memories but also strengthened our sense of camaraderie and teamwork.

Beyond the excitement of the game itself, there were numerous opportunities to connect on a personal level. We shared laughter, inside jokes, and friendly banter as we cheered on our favorite players. These moments of connection allow us to see each other beyond our professional roles, fostering a deeper understanding and appreciation for one another.

The day was an absolute home run! By taking a break from our daily routines and immersing ourselves in the excitement of the ballpark, we recharged, connected, and returned to work with renewed energy and enthusiasm.

Featured Client Testimonial

"From the moment you walk through their door you are treated with the upmost care and respect. The ladies at the front desk are welcoming and very nice; the paralegals and attorneys are as well.

McCraw Law Group does an outstanding job of communicating, walking you through the process and providing you with very thorough information every step of the way. I can't thank them enough, I would give more stars if possible."
