From our humble beginnings in Melbourne to becoming a nationally recognised, key supplier to the Australian foodservice Industry, it's been quite a journey. Thank you for being a crucial part of the Edlyn family and fuelling our passion for quality and innovation. We're thrilled about what the future holds and can't wait to keep creating amazing food experiences together. Here's to many more years of success.

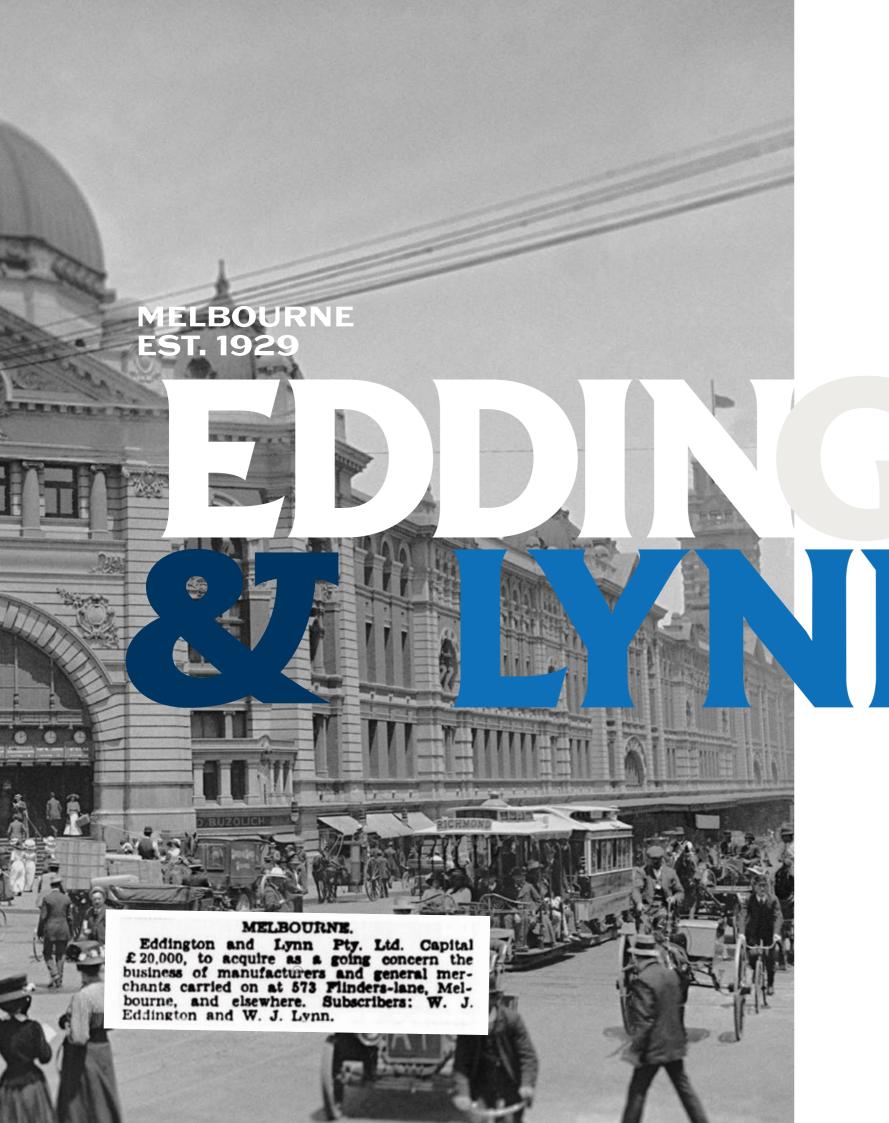

Cheers to 95 incredible years.

# From the best cordials in 1929 to the best foodservice products made today.

We're celebrating 95 years.

# Cordial, candied fruit peels and an economic crunch.

In early 1929, two passionate pioneers, William John Eddington and W.J. Lynn, came together to form Eddington & Lynn Pty Ltd at 573 Flinders Lane, Melbourne. What started as a humble operation making cordials and candied fruit peel quickly found its place in Melbourne's thriving food market, driven by new eateries, department stores, and local electricity powering the city forward.

Famously, 1929 also saw the arrival of the Great Depression, and with it a once-in-a-generation dip in employment and prosperity. Remarkably, manufacturing initiated and led Melbourne's recovery, as local businesses like Eddington & Lynn stepped up. Government applied tariffs of the time made it cheaper to produce goods locally than import, and Melbourne's factories began to thrive in the mid 30s.

Eddington & Lynn continued to build on their success, operating under the name Edlyn—a nod to their shared vision. By 1932, they had moved to Richmond's bustling Church Street, a manufacturing hub known for its iconic factories and hard-working community, producing everything from matches to shoes.

# FIRE IN CORDIAL FACTORY

# £2000 Damage; 20 Out of Work

Damage estimated at more than £2000 was caused by a fire in the factory of Eddington and Lynn Pty. Ltd., cordial and lemon peel manufacturers, Church Street, Richmond, late last night. The manufacturing room, in which there was a large stock of lemon peel, was destroyed.

The hrigade managed to confine the damage to the manufacturing and curing rooms.

Two tons of sugar, worth £70, and valuable machinery was destroyed by the fire the ause of which is not

Rhown

The alarm was given by a resident in the limits, and a wetchman employed at the factory.

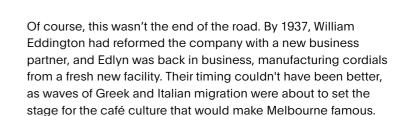

Mr. H. E. Eddington one of the directors of the company, said today that 20 men would be thrown out of employment for several weeks as a result of the fire.

the fire.

The building is insured with the Chamber of Manufactures Limitance Ltd. for £4000, and the contents with the Federal Mutual Insurance Company of Australia for £7200.

# From ashes to opportunity, a new chapter begins.

# **Decades of trust**

Bruce Donelly, alongside his sons Andrew and Stuart, purchased Edlyn in 1988 from the Eddington Family. Over the decades that followed, they've grown the business into what it is today, nurturing relationships in the Australian food service trade while developing products that would go on to become best sellers in the industry. Like the Eddingtons before them, the Donelly's family values and emphasis on staff wellbeing would play a crucial role in their chapter of Edlyn's success story.

# We've always been a family business.

"Being consistent to our core values and our people have been the secrets to our success. It's humbling to see our team embracing those values and working so well together to support our customers every day."

- Andrew Donelly, Chairman

# Australia's favourite foodservice product partner.

Proudly 100% Australian owned and operated, Edlyn is Australia's favourite foodservice product partner. With over one hundred different products in our range across multiple foodservice categories, chef's look to Edlyn for quality products and unwavering consistency they can rely on, every time.

Since 1929, Edlyn has been recognised as a key supplier to the Australian foodservice industry, working tirelessly to create the best quality, foodservice designed products available. Edlyn continues to work with key industry farmers, suppliers and packaging experts to ensure our products maintain the highest quality standards so that we can provide our customers with great food experiences every single time.

# Australia's Finest Condiments Since 1985.

Wood's Olde Style Preserves was established in 1985, supplying gourmet, homestyle condiments to weekend markets and restaurants around Melbourne and Victoria. Demand and reputation quickly spread about the company that made condiments as good as a chef would make.

In 2002, Edlyn Foods acquired the business of Wood's and moved operations from their small shop front in Wood Street Preston, to a larger manufacturing facility. With the legacy left by its founders, Wood's Premium Condiments continue to be made in the way they always have, with care and attention, using only the freshest and best quality ingredients. As Australia's premium condiment supplier to the foodservice industry, Wood's products are used by discerning clients who value quality above all else.

# **Precisely Crafted for the World's Finest Chefs**

Since 2007 the Bone Roasters mission has been to produce premium quality stocks and stock reductions that offer consistency, the finest ingredients and are cost effective for our customers. The complete range of Bone Roasters products are produced using real bones and only the very best ingredients, ensuring our products maintain an extremely high standard of quality. Cooked in traditional open kettles, our products are made with care and attention to detail.

Our products are slowly simmered ensuring the maximum amount of real flavour is absorbed from each of our ingredients, resulting in an intense taste profile and natural product colour. Our range is produced then frozen to maintain freshness and consists of Veal, Beef, Red Wine and Chicken Stocks, Jus and Glace. We are proudly Australian made and owned and work with many of Australia and the world's leading restaurants and food providers.

"Stocks and sauces are the backbone of high end kitchens. There's a saying in kitchens, look after the stocks and the stocks will look after everything else. We all know consistency is key, especially with rising labour costs and skilled staff shortages. Bone Roasters products are perfect for direct use and work amazingly well as a base for other creations."
