Surgical and Non-surgical Procedures

At Glasgold Group Plastic Surgery, we strive to provide the highest quality care and service to our patients. We understand that financing medical procedures can be a concern for some patients, and we aim to make the process as transparent and convenient as possible. Please review the following financial policies prior to your procedure:

Payment Methods:

We accept the following forms of payment for both surgical and non-surgical procedures:

Visa
Mastercard
American Express
Discover
Personal or Certified Check
Cash
Zelle

Insurance:

Most facial plastic surgery procedures are considered elective and are not typically covered by insurance. However, certain procedures may be partially covered if they are deemed medically necessary. We recommend contacting your insurance provider directly to inquire about coverage and providers for specific procedures.

Payment Schedule:

For surgical procedures, a non-refundable deposit is required at the time of scheduling to secure your appointment. The remaining balance is due 1 month prior to the day of your procedure.

For non-surgical procedures, payment is due in full at the time of service.

Financing Options:

We understand that cosmetic surgery can sometimes be a burden, which is why we offer financing options through third-party providers. Please inquire with our office staff for more information about available financing plans.
