

About Us

Refreshed Aesthetic Surgery and Refreshed Skincare are a medical practice devoted to aesthetic treatments and cosmetic surgery of the face and neck in Aliso Viejo.

The office is home to **Timothy R. Miller, M.D.**, a double board-certified facial plastic surgeon who has offered Orange County residents facial cosmetic surgery since 2005. He opened this state-of-the-art aesthetic practice to offer women and men a different and unique experience, with a boutique-like feel and charm.

Dr. Miller named the practice "REFRESHED" to emphasize to prospective and current patients his guiding aesthetic philosophy and mission, "to recommend and perform only those procedures that will enhance your features and provide results that will have you looking natural, refreshed, and beautiful, not pulled, altered, or resembling someone unlike yourself."
