
CoType Foundry (“CoType”/“CoType Foundry”) End User Licence Agreement (“EULA”) becomes a binding contract between you and CoType Foundry when you indicate your acceptance of this EULA, commence a Font Software download, or if you acquire Font Software on a permanent medium, when you open the package in which the software is contained. If you do not wish to be bound by the EULA, you must not purchase, access, download, install and/or otherwise use the Font Software.

All fees are due and payable immediately on acceptance of this EULA and, for the avoidance of doubt, no refunds or cancellations will be granted.

Please read all of the EULA before agreeing to be bound by its terms and conditions.

CoType Foundry operates exclusively on a B2B basis, it does not contract directly to the general public. It does not deal with consumer sales and/or licensing (we licence for business purposes only). By continuing you are confirming that you are not a ‘consumer’ for the purposes of Consumer Credit, Consumer Rights, or Sale of Goods legislation and that you are in business and placing in the course of your activities as a ‘trader’ (within the meaning of s. 2(2) of the Consumer Rights Act 2015). This includes acting in your capacity as a freelance designer or similar.

You hereby agree to the following:

1. Grant of Licence

Upon payment in full, CoType Foundry will grant you a non-exclusive, terminable and non-transferable licence to use the CoType Foundry Font Software in accordance with the following terms and conditions. You may not exceed the scope of this licence. If you have negotiated and agreed to any additional terms and conditions, those must be in writing and signed or sent by CoType Foundry and must incorporate this Agreement by reference.

Use of the Font Software is limited to your own business use only (other than as referred to in respect of ‘designers’ in section 3). For the purposes of this Agreement, “Font Software” shall be defined as the software code (object and source) which, when used generates the typeface, typographic designs and, if applicable, ornaments or other designs (and the definition of Font Software shall include all elements derived from or created using that software).

This Font Software may be installed on the number of devices (such as desktop or laptop computer workstations, notebooks, netbooks, tablets, and/or smartphones which a user can give instructions to) for which you have purchased an EULA for as stipulated in your order documentation. If the Font Software is to be installed on more than the number of devices that you have purchased a licence for, an additional licence must be purchased for each additional device. If you wish to install on a server, please contact us as this licence does not permit such uses. If you are a company purchasing a multi-user licence for your employees, your employees may use the Font Software anywhere in the world, subject to the terms of this Agreement. You must notify all employees of the terms and conditions of this Agreement, ensure that those employees comply with these terms as if they were a party to them, and you acknowledge and agree that you are responsible for all acts and omissions of the employees.

This licence does not permit ‘broadcast use’. That is use of the Font Software for the creation of, or incorporation in, materials made available via broadcast (materials appearing via VOD streaming, live, FAST, or other broadcast method, including feature films, serialisations, documentaries etc) whether on platforms such as, or similar to, YouTube or via TV networks, streaming services, live or TV broadcast. For the avoidance of doubt this does not prohibit the use of materials created using the Font Software in content published on social media networks (including brand advertorials or other short form video content).
