

Skinpen Microneedling Post-Care

Skinpen Microneedling Post-treatment

Skinpen Microneedling Post-treatment

DAY OF TREATMENT

- Keep your phone, pillowcase, towels, or any other objects that could touch your face clean for the first day following the treatment. You may experience a warm/windburn sensation for 2-4 hours immediately after the treatment
- Avoid makeup, physical activity, excessive sweating, and direct sunlight for 24 hours.
- Begin washing your face tonight with a gentle cleanser and apply Aurora's recommended post-procedure products, including SPF greater than 30. Continue post-procedure products for the next 4-7 days.

DAY 1-3

- Avoid physical and chemical exfoliants like retinol for one week.
- You may wear makeup.
- Begin Aurora's recommended post-procedure products.
