

favorites

hello fulton!

Looking for inspiration? Explore this curated collection of our newest products—some classic and timeless, others bestsellers and widely specified, all thoughtfully chosen as favorites.

quora

As people seek familiar comforts, the places where we work continue to be influenced by residential design. Quora™ brings the look and comfort of contemporary lounge seating to a casual work chair with passive ergonomic support.

Left to right: Quora seating shown in Luum Milieu, Leap with polished aluminum base; Luum Milieu, Bloom with Black base; Designtex Everywhere Texture, Cream with polished aluminum base; and Designtex Micro Tweed, Pine with Black base.

rambler

Rambler™ is a playful series of ottomans designed for collaborative and community spaces. Rambler creates lively, relaxed layouts with a variety of shapes and sizes in two seat heights.

Left: Rambler seating shown in Knoll Looped In, Snowbird and Ivy on casters. Swap and River+ tables shown.
Right: Rambler seating shown in Knoll Looped In, Snowbird, and Foliage with Night legs. River+ table shown.

noetic

Noetic™ is a thoughtful ergonomic task chair. This versatile seating series responds to the varied nature of today's workplace by adapting to an individual's posture, movement and how they work. Designed by Studio Black Box.

Left to right: Noetic seating shown in Designtex Everywhere Texture, Frost, Chartreuse and Sweet seats and Dimension Mesh, Fog backs with Cloud frames and bases.

include

Include™ seating features a kinetic synchro-tilter mechanism that automatically adjusts to a person's weight, providing a fluid motion with the correct tension and balance.

Left to right: Include seating shown in CTL Prescott Leather, Soul with polished aluminum bases; and CTL Prescott Leather, Black Ink with Black and polished aluminum bases.

Include task models offer a 4" height and 1.5" width adjustable T-arm on mid back and high back models. The comfortable Black urethane armcap is depth adjustable and pivots 30° in either direction to support the user's posture.

Fashion is forward in Moda™. This beautifully executed seating series is designed by Sava Cvek. The polished aluminum frame can be specified with a mix of leg finishes, including woodgrain textures and shimmering solids.

Left to right: Moda seating shown in customer's own material (COM) seat and armcaps with Shadow shell and Tungsten legs; Luum Situ, Pozzolana seat with Cloud shell and Butternut woodgrain armcaps and legs; Cloud shell with White plastic armcaps and Chrome legs; and Night shell with Black plastic armcaps and Chrome frame.

stream

Stream™ is our multitasker with a chic aesthetic that sets a new bar for plastic seating. Expertly designed by Richard Douglas Rose, seamlessly detailed to the touch and eye from any angle.

Stream seating shown in Scarlet with Chrome legs. Swap tables shown.

bakhita

Bakhita™ is no ordinary plastic chair. The 2K molding technology is complex; the result is sturdy, durable and designer friendly. Available in a neutral palette that fits anywhere — indoors and outdoors.

Left to right: Bakhita seating shown in Alloy, Char and Milk with upholstered seat in Momentum Millennium C-Zero, Anchor.

sas

Rich woodgrains and gently molded curves invite people to sit and gather for casual conversations. The Sas™ collection includes side chairs and stools with or without upholstered seats.

Left to right: Sas seating shown in Maple shell with Chrome legs; Designtex Reppweave, Light Grey seat with Maple shell and Chrome legs.

marché

The Marché™ chair celebrates simplicity down to its details, with a seamless appearance and only three connection points between the curved open back and the upholstered seat. The gently tapered metal legs extend gracefully from the concealed under-seat shroud, giving the chair a floating impression.

Left to right: Marché seating shown in customer's own material (COM) seat with Walnut shell and Chrome legs; and customer's own material (COM) and Black legs.

The broad appeal of the Citi Square™ series rests on its contemporary style, unlimited flexibility and good value. Freestanding models and modular (shown) configurations are available.

Citi Square seating shown in Luum Geoglyph, Drifting Sediment with Shadow legs. River+ tables shown.

softpod

A place to focus and engage. Softpod™ responds to the changing landscape of today's workplace, providing an alternative to conventional workstations and cubicles.

Softpod shown in PET Felt, Pewter, Mist and Denim, with worksurfaces in Noce Grigio. Noctic seating, Rambler ottomans and River+ tables shown.

global accord

Global Accord™ is an elegant and refined seating series designed by Zoey Chu. It features finely detailed polished aluminum arms with a supportive sling back, upholstered with rolled and pleated details.

Left to right: Global Accord seating shown in Allante FRee, White Crush with polished aluminum base; and Ultraleather, Ermine seat and Vue mesh, Desert Sand back with polished aluminum base.

factor

Factor™ seating recalculates the value equation for work chairs with adjustable lumbar support, three mechanisms including a weight sensing synchro-tilter, and fixed or adjustable arms.

Left to right: Factor seating shown in Momentum Millennium C-Zero, Zinc seat and Silver Grey mesh back with Shadow frame and base; and Luum Soft Static, Waterfall seat and Silver Grey mesh back with Black frame and base.

vitrola

Vitrola™ is a finely tailored, transitional reflection on the 19th century French Empire style. Simplified geometry and proportions make it right for the times.

Vitrola seating shown in Designtex Tweed Multi, Medium Grey with Black legs. Shown with accent pillows.

wind

Contemporary and timeless — Wind™ lounge seating embodies this and more. The refined geometry and slim proportions create a relaxed atmosphere, even when space is at a premium. Available with metal or wood legs.

Wind seating shown in Knoll Plaidtastic, Love with Maple legs.

Calidon™ seating and occasional tables share a distinctly modern appearance. With a well-balanced, full-frame solid hardwood construction, Calidon is a versatile solution combining comfort, style and durability for years to come.

Calidon seating shown in CF Stinson Olivia, Cloud with Winter Cherry legs. Tables shown in Winter Cherry laminate top with Winter Cherry legs.

Welcome, share, unwind. The next generation of our highly popular lounge series, River+™ provides industry-leading support for workplace, education and healthcare.

River+ seating shown in Knoll Diva, Platinum with Chrome arms and legs. Round coffee table shown in Walnut Heights with Chrome legs. Round laptop table shown in Walnut Heights with Tungsten base.

Collaborative Spaces™ fosters teamwork through adaptable environments. Optimize existing spaces with individual pieces or create new ones with a full range of mobile team carts, work tables and accessories. Designed by Modus ID.

Collaborative Spaces shown in Sheer Beauty worksurfaces with Charcoal frames. Noetic seating shown.

Office Spaces™ is a unique desking architecture addressing current and future private office trends. Modular in design, Office Spaces is self-supporting for easy reconfiguration or relocation. Designed by Modus ID.

Office Spaces shown in Custom Grey surfaces and Sheer Beauty storage fronts with Nevada legs. PET Felt backboard and modesty panel shown in Mist. Drift seating shown.

Open Spaces™ brings a sense of place and belonging to the next generation of the open office workplace. Standing or sitting, everything to support your day is within reach; you feel relaxed and at home. Designed by Modus ID.

Open Spaces shown in Sheer Beauty worksurfaces and storage with Designer White frames, beams and accessories. PET Felt modesty panels, pedestals and hanging pegboard screens shown in Pewter. Noetic seating shown.

open spaces

Open Spaces™ offers a welcoming visual language that expresses functionality in every detail and puts a fresh face on the workplace. The integrated look and feel of every surface and material is confident and defines personal space.

Open Spaces shown in First-Class worksurfaces and pedestals with Charcoal frames, beams and accessories. PET tackboards shown in Mist. Pedestal cushions shown in Designtex Hashtag, Silver. Noetic seating shown.

prefer

Prefer™, an enduring design updated with a sleek mesh back and exquisite arms in polished aluminum or matching polymer. Backed by a limited lifetime warranty because you won't want to let it go.

Left to right: Prefer seating shown in Momentum Millennium C-Zero, Onyx seat and Black mesh back with Asphalt frame and polished aluminum arms and base; customer's own material (COM) seat and Pool Blue mesh back with Alabaster frame and base; Momentum Millennium C-Zero, Onyx seat and Black mesh back, Asphalt frame and polished aluminum base; and customer's own material (COM) seat and Fog mesh back with Alabaster frame and base.

kadin

Kadin™ defines the modern table: a sleek floating top surface, flared aluminum legs and a stunning modular steel substructure that ensures exceptional stability. The beauty lies in the sculptural detailing evident from every angle.

Kadin tables shown in Natural Walnut wood veneer with Chrome legs.

Christopher Wright has reflected on the mid-century modern vernacular to design Corby™, a unique series of workplace furnishings that reward a new generation of pioneers and nation builders.

Corby tables shown in Noce Leggero with Black legs. Drift seating shown.

Terina™ tables bring together elegance and performance. The simple flip-top mechanism designed for single-handed operation makes Terina easy to set up in coworking spaces, education environments and conference rooms.

Terina tables shown in Latte Walnut wood veneer with Designer White legs. Novello seating shown.

River™ Personal Harbor provides a quiet environment to collect your thoughts, work through challenges, or find a relaxed spot for virtual meetings. Available in three back heights.

Left to right: River seating shown in customer's own material (COM) with Black legs; Luum Situ Phosphor with Black legs. Round laptop tables shown in Black.

swap table

Swap™ tables have the right proportions, flawless surfaces and a solid foundation. Square or round bases with integrated leveling. Seven standard heights support coffee tables, bar height surfaces and everything in between.

Swap coffee and laptop tables shown in Walnut Heights with Chrome bases. Drift seating shown.

erin

Erin™ brings work and wellness together. From boutique hotels to wellness resorts, the rich experiences that designers create for the hospitality industry are moving to the places where we work, learn and heal.

Left to right: Erin seating shown in Mayer Gatsby, Citron seat and Aegean back with Chrome legs; and Mayer Gatsby, Tangelo seat and back with Medium Walnut legs.

caprice

Caprice™ is a light scale guest chair. Molded Black polypropylene armcaps enhance the comfort and durability of the chair. Durable Black glides are standard and steel self-leveling rubber cushioned glides are available as an option.

Left to right: Caprice seating shown in customer's own material (COM) seat and back with Chrome frame; and customer's own material (COM) seat and back with Ink frame.

Comprise™ advances the benchmark for healthcare seating. The injection molded nylon arms and legs are gently contoured, warm to the touch, easy to clean and impervious to infection prevention control reagents.

Seating shown in Luum Datastorm, Silo seats and backs with Fog frames. River+ tables shown.

vion with halo arm

The Halo™ arm supports diverse work habits, unconventional postures and a wide range of body types. The dual independent 360° rotation feature allows the arm to be adjusted quickly and intuitively to virtually any position.

Vion seating shown in Luum Crossgrain, Iroko seat and Dimension mesh, Sand back with Black bases.

chap

Chap™ brings mid-century modern styling to places where people meet. The finely crafted solid wood guest seating series is available in two back styles; both are offered with upholstered or open frames.

Chap seating shown in Designtex Tweed Multi, Taupe with Night and Maple frames.

Novello™ is an innovative and dynamic expression of material science that synchronizes the seat and back with every movement. Designed exclusively for Global by Alessandro Piretti.

Left to right: Novello seating shown in Terrace, Bluebell seat with Fog frame and base; Terrace, Apple seat with Cloud frame and base; Terrace, Tigerlily seat with Cloud frame and polished aluminum base; and Terrace, Bluebell seat with Fog frame and base.

Drift™ seating inspires people to come together with new ideas, new priorities and new ways of thinking. The series features lounge and side chairs in multiple back heights, with wood or polished Chrome bases.

Left to right: Drift seating shown in Luum Schema, Mirror Stage with Chrome base; Luum Schema, Concept Map with Chrome base; Mayer Forte, Magenta with Chrome base; Stinson Olivia, Tutu with Maple base; Luum Health Tech, Loam Tech with Maple base.

A welcoming form and thoughtful detailing make Willow™ an elegant and versatile solution for meeting rooms, common areas, hospitality venues and learning spaces. An extensive range of models, finishes and upholstery options is available.

Left to right: Willow seating shown in Night polypropylene seat and back with Black frame; Momentum Sina Pearson, Fragments 540-81 Gesso seat and back with Brushed Chrome frame; Momentum Sina Pearson, Fragments 540-92 India Ink seat and back with Brushed Chrome frame; and Luum Macrotweed, White Ash with Black frame.

rebound

Go ahead, flex your back. Form follows comfort in Rebound™, an innovative multi-purpose chair featuring a patented flex back that provides an unexpected level of support. Designed exclusively for Global by Alessandro Piretti.

Rebound seating shown in Designtex Loop to Loop, Sky seats with Frost shell and frame on casters. Zook tables shown.

lite

The sled is back in an elegant update of a classic. Global's Lite™ seating series blends refined metalwork with a beautiful ribbed mesh covering, offered in an array of contemporary neutrals and chromatic hues.

Lite seating shown in Vue mesh, Coal Black with cantilever Chrome frame; and Vue mesh, White with Chrome legs.

solar

Solar™, form follows function follows you. A beautifully fluid structure and integrated mesh surface come together in this design from Paul Brooks.

Solar seating shown in Midnight Black mesh with Alabaster and Asphalt frames.
