IVAN WOODS

Schiavello and the late Ivan Woods shared a long history. Our collaborative design process, which evolved over many years, yielded distinctive collections such as the Kayt and Toro collections, Maui Chair, Bomba Sofa, Tango and many more.

Ivan enriched his designs' emotional qualities through fine detailing, influenced by a strong architectural sensibility and carefully considered geometry. The unique combination of individual and robust personalities in his products resulted in a unique outcome that lent his products to a diverse range of scenarios.

Based on this inspiration, Ivan envisaged the Maui collection would bring an elegant, relaxed personality and maybe even a small piece of the 'Aloha' spirit into day-to-day living spaces.

Introducing Maui

Made from solid Oak, Maui's offset angled lines coupled with elegant proportions give it a timeless and casual appeal. While embracing the user in comfort, Maui encourages one to sit back, relax and take a break.

The Maui collection

Available in three different configurations –
Maui Standard, Maui Integral and Maui Lounger,
each chair lives happily in all indoor environments.

Maui features finger joints in the arms for improved strength, along with harmonious proportions. Sitting gracefully into meal zones in cafés, restaurants, and community spaces in the office, the Maui Standard comes with the option of either straight arms or no arms.

Maui Integral features angular arms, creating a sophisticated addition to environments with limited space. Maui Lounger is purposefully designed to be generous in its dimension, allowing one to retreat, relax and sit in a lounging position.

Ecology and sustainability

Schiavello’s most important commitment to sustainability is the company-wide Environmental Management System under ISO 14001. The environmental design principles realised means we design for the environment, focusing on efficient energy use and minimum emissions, longevity and durability, re-use and recycling of our products.

Our principles of ME WE (Materials, Energy, Waste Emissions) give us a simple way to think about how our operations impact the environment.

Printed on an Australian made paper stock that is PEFC Certified and made from elemental chlorine-free bleached pulp sourced from sustainably managed forests and non-controversial sources. It is manufactured by an ISO 14001 certified mill using renewable energy sources.

About Schiavello

Schiavello is a multi-disciplinary company dedicated to developing intelligent, inspiring, ecological and resilient solutions for the office, the home and public spaces.

Schiavello’s concepts and products are developed in Australia by applying a design process that brings together the company’s core design principles and engineering with the creativity of local and international designers.

The Schiavello head office and world-class manufacturing facilities are integral to our continually developing rich tapestry of knowledge. This knowledge ultimately assists us in informing the right solutions and tools for each organisation’s needs and people, allowing us to consistently achieve our philosophy that ‘Anything is possible’.
