

# Totem

A broad and versatile family of drum base table solutions that are easily tailorable and adaptable to the functional needs and design requirements specific to the space. Totem works for public, private, formal and semi formal zones. A great way to maintain design language continuity across the tenancy.

# Knowledge-led innovation

Schiavello's future-focused design philosophy is founded on extensive research conducted by our Schiavello Design Studio and People and Culture Consulting teams.

Led by strategic insight into how businesses and employees function, these products help achieve goals and solve problems within the workspace furniture industry.

# Introducing Totem

■ Totem tables and planters provide refined, freestanding solutions with strong architectural presence. Sculptural forms, integrated greenery, and coordinated finishes bring flexibility, stability, and biophilic benefits to contemporary workspaces.

## Form and structure

Totem delivers form and structure to any workspace. The cylindrical base serves as both a visual anchor and a functional foundation, ensuring durability and proportion. Its clean, unbroken lines promote a sense of order and sophistication.

By merging architectural precision with natural inspiration, the Totem range elevates everyday environments into refined, intentional spaces.

## Adaptable solutions

Totem is designed for a wide range of environments including corporate, education, and hospitality settings, with configurable tables supporting team, meeting, breakout, bistro, and video-conferencing uses. Complementary freestanding and tabletop planters, combined with varied sizes, heights, and formats, allow the collection to adapt seamlessly to both functional and biophilic spaces.

## Minimalist elegance

Whether as a small meeting table or grand board room table, stand alone or with an integrated planter, the design prioritizes flexibility, supporting collaborative workspaces, biophilic elements, or standalone statement pieces.

Stripping away excess, the collection embraces minimalist elegance to deliver a timeless aesthetic, ensuring longevity in evolving design trends.

## ■ Technology Integration

Totem's considered proportions also accommodate device charging and reticulation solutions, delivering technology integration that meets the needs of contemporary workplace now and into the future.

# Table & Planter Collection

The collection includes a number of standard sizes readily available, while custom variations are available upon request. To view the full specifications sheet visit the Totem Table or Totem Planter webpages.

A. Free Standing Tables

Single, Double and Triple Base

## Ecology and sustainability

Schiavello's most important commitment to sustainability is the company-wide Environmental Management System under ISO 14001. The environmental design principles realised means we design for the environment, focusing on efficient energy use and minimum emissions, longevity and durability, re-use and recycling of our products.

Our principles of ME WE (Materials, Energy, Waste Emissions) give us a simple way to think about how our operations impact the environment.

Printed on an Australian made paper stock that is PEFC Certified and made from elemental chlorine-free bleached pulp sourced from sustainably managed forests and non-controversial sources. It is manufactured by an ISO 14001 certified mill using renewable energy sources.

## About Schiavello

Schiavello is a multi-disciplinary company dedicated to developing intelligent, inspiring, ecological and resilient solutions for the office, the home and public spaces.

Schiavello's concepts and products are developed in Australia by applying a design process that brings together the company's core design principles and engineering with the creativity of local and international designers.

The Schiavello head office and world-class manufacturing facilities are integral to our continually developing rich tapestry of knowledge. This knowledge ultimately assists us in informing the right solutions and tools for each organisation's needs and people, allowing us to consistently achieve our philosophy that 'Anything is possible'.
