

# *The perfect ECG!*

custo cardio 300: Our flexible  
resting and stress ECG system

## custo cardio 300

### 12-channel resting and stress ECG of the future

custo cardio 300 is our 12-channel resting and stress ECG for mobile use. Due to the wireless operation and the possibility to work on several workstations with one device, maximum flexibility is guaranteed. custo cardio 300 is the perfect solution for your resting and stress ECG, not least thanks to its modular operability (various patient cables, connection to suction unit, etc.).

#### Your benefits

- Allows wireless and mobile working
- Fast and clearly structured PC ECG due to perfect data transfer
- Maximum flexibility due to exchangeable patient cables and workstations
- Connectable to a suction system
- Automatic 10-second ECG
- Check of electrode quality at a glance
- Start/Stop button on the device or on the PC
- Approx. 10 hours battery runtime
- Easy and inexpensive extension to CPET is possible
- Complete remote control is possible
- Easy and fast disinfection
- Easy, patient-related use due to hygienically optimised capacitive key
- USB or BT (with accu or battery)

## custo clean CR3 and CR3 ergo

### Hygienic and safe – the disposable bag for custo cardio 300

- Protects patients and medical staff
- Extends lifetime of the devices
- Easy to handle
- Time-saving preparation of devices
- 100 % recyclable

## Resting & stress ECG highlights in the custo diagnostic software

- Single beat analysis, summary complexes
- Extensive tabular view of measured values
- Automatic measurement and interpretation
- Wide range of display and output options
- Automatically configurable findings note with summary of all values
- Automatic proposal with text modules to be created individually
- Area to be analysed is freely definable

### Special feature of the resting ECG:

- Recording a rhythm stripe
- **NEW: Sport ECG as an option**

### Special features of the stress ECG:

- Predefined standard profiles with the option of configuring them freely.
- Control of treadmills, recumbent and reclining ergometers
- Automatically measurement value acquisition of blood pressure, SpO<sub>2</sub> and lactate
- Versatile messaging options with acoustic or visual signals.

## Innovative system solutions for your diagnostics

Since 1982, our brand has been representing innovative system solutions in cardiopulmonary diagnostics. In cooperation with committed and competent sales and service partners, we offer professional solutions taking account of your individual organisational circumstances and IT structures. No matter if your installation is based on a stationary or mobile system, a single-user workstation or multi-site network solution, in a doctor's office or in a hospital – your modular custo med system will be a profitable investment for the future.

*Our modular platform custo diagnostic is the intelligent link between clinical engineering and administrative software.*
