**OUR EXPERTISE IS YOUR ADVANTAGE ON THE ROAD**

<b>CAPACITY</b>	Seven (7) Vehicles
<b>EMPTY WEIGHT</b>	21,960 lbs. depending on specifications
<b>LENGTH</b>	53 Feet
<b>WIDTH</b>	102 inches with the exception of safety equipment
<b>DECKS</b>	Truck Package B
<b>TIE DOWN METHOD</b>	Strap
<b>HYDRAULIC POWER SOURCES</b>	PTO and/or Self Contained 12-Volt Electric

## CX-5307LS

Cottrell's CX-5307LS model, released in February 2023, maximizes load potential in a 53 ft high 5th wheel design. The split top deck allows for extra flexibility and the soft tie downs are easily accessed from ground level. Standard 1/4 inch track sheet material and integrated wheel strap design makes it an attractive model for vehicles without chain tie-down requirements. Check with your state D.O.T. to determine whether or not one of Cottrell's Hi-Pro Series trailers is right for your hauling needs.

## PRODUCT FEATURES

- Two (2) Year Structural Warranty
- Hendrickson Intraax Axles (available in 19.5 and 22.5)
- Akzo Nobel paint offers a high-performance two-layer powder coating system designed for exceptional durability and aesthetics.
- Steel Wheels
- Michelin or Continental tires.
- Parker Parflex or Tough Cover hoses
- Anti-corrosion coating on inside of bottom rails.
- Enhanced night load light package with rope lights at valve bank
- 1/4" aluminum decking
- 4-Port Aluminum Hydraulic Valves
- Cottrell lightweight aluminum hydraulic cylinders
- Double pin locks in strategic locations
- Premium Rolling idler straps with double sided grip
- Cottrell QuiXspinz ratchet system
- 36" hybrid rear of rear upper flippers

## AVAILABLE UPGRADES

- Aluminum wheels
- Aluminum belly pans
- Trailer tandem dump valve
- Hendrickson Tiremax Tire Inflation
- Flange mounted LED lights with locking ring
- Rear upper stop turn tail lights
- Strobe lights
- Akzo Nobel topcoat paint match capability- depends on match requirements
- Toolbox at back bottom deck
- Spare tire rack at back bottom deck
- Caution sign
- Truck Package options
- Recess track at front of back top deck option
- Hydraulic or manual back bottom deck.
- CX Series Self Contained system
- 1/4 rear end crossmember upgrade
- 4mm skid plates on rear end crossmember
- Automatic tandem risers
- Height stick
- Height stick storage
- Cottrell has a MOD shop that can install PTO's and Hot Wire Kits, but you have to schedule ahead of time.

OUR EXPERTISE IS YOUR ADVANTAGE ON THE ROAD

## WHY THERE'S NO SUBSTITUTE FOR A COTTRELL

### QUALITY YOU CAN COUNT ON

Cottrell products are built to the highest standards. With over 100 years of combined experience, our engineering team is constantly working to improve our products, ensure structural integrity and customize our car haulers to meet the specifications of your loads.

**WARRANTY** A 2 year structural warranty is the best in the business. Many individual parts and systems also include additional warranties.

**MATERIALS** Our haulers are born from the best materials available, including Domex 100,000 yield strength steel and aluminum alloys.

**Corrosion Resistant** Zinc rich epoxy primer electro-static paint process and rust inhibitor inside the bottom rails will keep your equipment looking fresh and is available on all models.

**SUPERIOR RESALE VALUE** Cottrell car haulers maintain a superior resale value. Plus, we'll help you sell your equipment with a free listing on our website.

### YOUR BOTTOM LINE MATTERS

Cottrell haulers are engineered with your bottom line in mind. Whether it's minimizing weight or meeting new environmental regulations, we're focused on optimizing your car haulers to save you money.

**LIGHTWEIGHT** From aluminum hydraulic cylinders, air tanks and valves, to lightweight parflex hose and accessories, our engineers have maximized lightweight materials to reduce weight.

**TIRE INFLATION MONITORING** As an optional upgrade, Cottrell car haulers can have tire inflation monitoring systems to further maximize your fuel efficiency.

### DESIGNED WITH YOUR SAFETY AND COMFORT IN MIND

We build the most driver-friendly car haulers in the industry. Whether great ideas start with our engineers or our customers, we're continuously optimizing our haulers with features that increase driver safety and comfort.

**OPERATIONAL EFFICIENCY** Patented quick release ratchet tie down systems, LED lights with 'fit and forget' connectors and gravitational slide out loading skids help you get loaded and on the road.

**ERGONOMIC** Door openings and loading angles are optimized for ease of use and to prevent damages.

**SAFETY FIRST** Fall protection kits and extended catwalks are engineered with driver safety in mind.

**COLD WEATHER OPTIONS** For cold weather areas, upgrade with side curtain and king pin apron kits, thinner hydraulic fluid, tuff coat hose protectant and aluminum belly pans.

**OUR EXPERTISE IS YOUR ADVANTAGE ON THE ROAD**

## **ONE SIZE DOES NOT FIT ALL**

While Cottrell offers over 40 different trailer models to fit your applications, we know there's no universal solution. Our engineers will work with you to use your hauling routes and the vehicle types you carry to create a fully optimized piece of equipment.

### **SHORT HAUL VS LONG HAUL**

Depending on your route needs, Cottrell engineers can work with you to create a car hauler that's optimized to fit more vehicles for long hauls or minimize steps in the loading sequence for short hauls.

### **CUSTOM PAINT**

With state of the art paint booths, we can match any custom color. An electro static paint process leaves your hauler with a durable finish that prevents rust and comes with a 5 year limited warranty.

## **SUPPORT, WHENEVER AND WHEREVER YOU NEED IT**

Cottrell equipment is built to last, but if you need maintenance, repair or refurbishment, we're here to help.

### **Nationwide Authorized Warranty Repair Centers**

Over 100 repair shops and dealers around North America means support is never far away. You can even bring your equipment directly to Cottrell where our 13 bay service center and driver lounge are waiting to address your needs.

### **PARTS, MADE IN THE USA**

A large percentage of our parts are produced and assembled in the USA. And, our fully stocked aftermarket warehouse ships stock items out the same day. Custom parts can be made and shipped within 40 hours.

### **EQUIPMENT REFURBISHMENT**

Cottrell can modify your equipment when your load needs change, or new regulations are put in place. You can expect your newly refurbished unit to have the same quality as our new production units.
