

12" Inner Sleeve

12-IS007-A9

Outer dotted line is bleed – extend all background art to this line.
Middle solid line is cut line – this is where the art will be cut.
Inner dotted line is safety margin – keep all important elements within this line.
Keep “Template” layer locked and separate from art. Work only on “Art” layer or any additional layers you create.

This inner sleeve opens at the top.
Please position you art with the top of each side oriented like this diagram.
