- Agriculture and Livestock

OUR SERVICES

Quick response

We are always available for quick response, even at your location. Our trained technicians guarantee emergency response in as little as 48 hours from the customer's call, and can take over even faster requests in urgent cases.

Scheduled Maintenance

Our scheduled maintenance provides ideal support for our customers, who can schedule one or more interventions per year with our trained technicians. A fleet of machines that is always monitored allows us to safeguard their performance for longer and guarantee the established goals.

Rental

We offer both short- and long-term rental options. Flexible and customized solutions in line with customer needs, which for a fixed fee eliminate the worry of fleet management.

Standard Equipment

Our warehouse is constantly stocked with original accessories and spare parts for our machinery. Managed by experienced technicians, it enables us to guarantee solutions for special needs while ensuring quick response times.
