PORTABLE COOLER

SERIE AQool 500

The AQool 500 portable cooler is the most efficient, economical, and eco-friendly solution for any indoor or outdoor work environment.

Unlike traditional air conditioning systems, which are expensive to install and consume a lot of energy while being ineffective in large and open spaces, Aquarial portable coolers refresh and purify the air even in outdoor environments.

Ready to use, does not require installation, and is easy to position and transport.

Plus

Easy to transport, place,
and maneuver

Low energy consumption

Less than €2 per day

Ready to use and simple
operation

Localized cooling for indoor
and outdoor areas

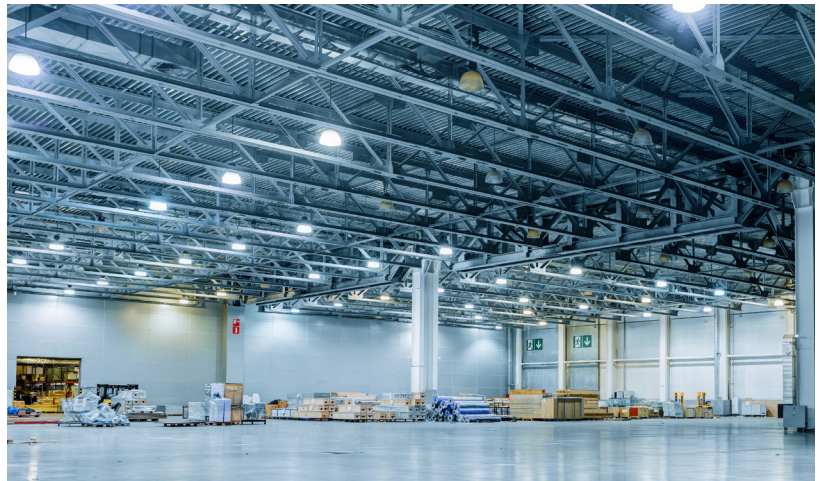

Ideal for small environments
