What Happens When Meta Puts You in Jail...

Dear Saving Face Family,

If you've been wondering why you haven't seen our content on Instagram lately, I wanted to personally share what happened.

What Happened to Our Account

Back in December, both our Saving Face Austin Instagram account and my personal brand account, Live Beautiful Longer, were unexpectedly removed. The post that triggered the shutdown was an educational post discussing peptides and some of the most exciting advancements in longevity

medicine. There was no nudity, bullying, or inappropriate content—just information intended to educate our community.

Unfortunately, the accounts were permanently removed, and despite our efforts, we were unable to recover them.

I won't pretend it wasn't difficult. Over the years, we invested countless hours, energy, creativity, and resources into building those communities. More importantly, we built meaningful relationships with so many of you through those platforms. Losing that connection felt like a significant loss.

Connections Matter More Than Algorithms

As many of you know, I believe growth often comes from adversity. After allowing myself the space to process the disappointment, I chose to focus on what truly matters: our mission, our relationships, and our community.

At Saving Face, we've always believed that authentic connections matter more than algorithms. While social media platforms may change, our commitment to helping you look, feel, and live your best remains exactly the same.

So, we're starting fresh.

Join Us at Our New Social Home

**We invite you to follow
our new Instagram
account:**

@savingface.body.mind

This will be our new home for:

- The latest Saving Face news and updates
- Promotions and special events built for you
- Wellness and longevity education from our team
- Skin, health, and aging-better tips you can use daily
- Behind-the-scenes content from the clinic
- Community updates and inspiration to keep you glowing

If you've enjoyed following us in the past, the greatest favor you could do is follow our new account and share it with friends and family who may be looking for us.

Follow Our New Account

With Deepest Gratitude

Thank you for your continued support, encouragement, and trust. Your loyalty means more than you know, and we're excited to continue growing this community together.

Here's to new beginnings, meaningful relationships, and living beautifully longer.

With so much love and gratitude,

Brooke Nichol
