FSCS Protection: Your eligible deposits are protected up to £120,000 per person, per authorised bank by the Financial Services Compensation Scheme (FSCS). The limit applies to the total of all deposits you hold with the same bank, even if through different brands or providers. We currently place HomeSaver funds with Lloyds Bank Plc.

How we hold your money (trust arrangement):

- The money you pay into the HomeSaver account is held on trust for you with one or more UK banks. This means it's kept separate from Tembo's own money.
- HomeSaver money is currently deposited with Lloyds Bank Plc. If we use additional banks, we'll show the panel and the proportion held at each bank in our app.
- Your money is pooled with other customers' HomeSaver trust money. You don't have a claim to a specific account; instead, you have a beneficial interest in the pool. We keep accurate, up-to-date records of exactly how much of the pool belongs to you. Because the account is held on trust and pooled, any FSCS compensation may take longer to be paid than for an individual account and could take up to three months.

Cancelling your account: You can cancel this account within 14 calendar days of opening it by initiating a cancellation in the app. If you cancel within 14 days, your account will be closed, and any money you've paid in will be returned. No interest will be paid for this period. See Condition 4 and Section 6 of the terms and conditions for full details.
