Making a positive impact *starts at home*

Thakeham's sustainable design philosophy runs through every aspect of Manorwood. A truly inspiring example of working with the existing natural environment.

We've placed bird and bat boxes on homes, created hedgehog holes and highways, protected the most ecologically sensitive areas, and supported a nationally recognised landscape-scale recovery project. New trees and hedgerows have also been planted around the homes.

Creating places we can all be proud of

Thakeham delivers developments with a focus on sustainable placemaking and enhancing communities. From the quality of our developments to our social responsibilities, we always go the extra mile.

A Thakeham development will always be an asset to its surroundings and the local community. We aim to enhance the quality of life for everyone in the community, not just the people who buy our homes.

We don't just build houses; we are placemakers. We're committed to creating new, extraordinary places, with the highest attention to detail.

We are always aiming for higher environmental standards, both on our developments and in our own working practices.

As a socially responsible developer, we make a positive contribution to the lives of local communities. Essential in bringing people together, we sponsor several local sports teams in the locality of our developments. Our recruitment strategy includes local apprenticeships throughout the entire lifecycle of a development.

At every stage, Thakeham's approach is one that ensures we leave a legacy that everyone can be proud of.

*At Thakeham, we have
an opportunity and a
duty to create amazing
places; we are driven by
a passion to deliver a
legacy for many to enjoy
and that we are proud of.*

CEO of Thakeham

Our values

We are a housebuilder that looks at things differently. We know that people need homes that are fit for the future and for future generations. That's why we build houses that have energy efficiency, biodiversity and sustainable community living at their heart.

We want our homes to have green spaces around them. We let the surrounding landscape guide us when planning our developments, biodiversity matters to us – a lot.

We see it being our responsibility as a housebuilder to play our part and to give the people living in our homes a head start when it comes to addressing the climate emergency.

We build homes for all. You'll find a Thakeham home for customers that are privately purchasing and also those that are living in affordable housing. But you won't be able to see the difference, as we build the same high-quality home no matter who is going to live there.

We think about what's best for the people living in the communities we create from day one: schools, green spaces, community hubs – the list is long and so it should be.

We build homes that last. Taking inspiration from their rural surroundings across the south of England. Houses that become homes because of the people that live in them. Homes that create communities.

We do the right thing, because it's the right thing to do. Nothing is ever an after-thought.

The Thakeham Difference

We talk about the Thakeham difference and bring this to life in each development we build. It's all about the attention to detail. Nothing is overlooked, everything is considered. Getting it right has always been at the heart of Thakeham. We pride ourselves on the fact that you can feel the quality of build in our homes. We choose to go beyond the standard and create a home that has things you might not always see, but you can feel.

And we make sure they are 'just right' with the appropriate level of shine designed with their future owner in mind. There is more space in the house, a larger garden, and we surround our homes with green spaces.

We know that buying a home is a big life event. We share our customers' pride when they buy a premium new home built by Thakeham.

A lot more care and thought goes into our homes than people realise. They just feel that bit nicer. That's the Thakeham difference.

We are proud to have been awarded the prestigious HBF 5 star Builder Award.

This is awarded to home builders that achieve above 90% of customers who would recommend Thakeham to a friend.

"We now look out of our bedroom window each morning to views of meadowland and the Surrey Hills in the distance. It's beautiful, and we've really surprised ourselves just how quickly we've settled in and how happy we are. We thought it would be a difficult transition to leave our family home for so many years, but it really hasn't been!"
