

Here's a draft email to share with your local schools to encourage them to weave climate, nature and sustainability through their teaching with the free support form the Ministry of Eco Education.

Feel free to tweak and adapt it.

Dear (HEADTEACHER'S NAME),

I am writing to draw your attention to the Ministry of Eco Education - a charity of part time teachers supporting schools to weave climate, nature and sustainability through their curriculum. Every school in the country has access to this free resource and last year they trained more than 9,000 teachers.

Recent extreme weather events including flooding and heatwaves, highlight the increasing impacts of the climate and nature crisis.

As a (PARENT/ COMMUNITY MEMBER), I would like to see (YOUR LOCAL SCHOOL'S NAME) take more action on climate change and support teachers to engage with this fully. The school can get guidance, support and inspiration from the regional team from the Ministry of Eco Education.

The organisation provides;

- Curriculum Support
- Teacher Training
- Wider Inspiration
- Regional and Local Guidance
- One-to-One Support

Both in person and online through their website, youtube channel and social media.

To join the Ministry of Eco Education simply get in touch with paul@ministryofeco.org or visit their website ministryofeco.org. Please join me in supporting the greening of education and show our young people and community that (YOUR LOCAL SCHOOL'S NAME) is taking action against the climate and nature crisis.

Yours Sincerely,

(YOUR NAME)
