# LINEA WASHPLANE

The Liena Washplane® offers a refined, architectural solution for contemporary bathrooms, combining minimalist design with practical elegance. Its linear form and slim profile create a sleek, floating effect, ideal for both residential and commercial environments.

## Available Sizes

- 800mm Single
- 1180mm Single
- 1600mm Double
- 2100mm Double
- 2250mm Triple

## Assembly

### Washplane® assembly includes:

- Washplane® Top Stainless steel cantilever brackets Zinc plated steel mounting frame
- Stainless steel tray
- Stainless steel removable drainer
- Stainless steel facia
- Location saddles

## Cleaning Solid surface

Clean with a mild detergent and a soft cloth.

For more stubborn marks a very mild abrasive cleaner can be used with a soft cloth over the entire surface in wide circular motions. Finish by cleaning off detergents with a soft wet cloth and towel dry.

## Additional information and recommended fittings

Use a 200 mm wall outlet for all Washplanes with the exception of the 800 single Washplane® which requires a 150 mm wall outlet.

Select an outlet that uses 5-7 litres per minute with the water falling at a 90 degree angle directly onto the Washplane®. The Omvivo wall outlets are ideal to use with a Washplane®. A cavity wall is needed to house the hardware and plumbing.

## Important

This is not an installation guide.

Please contact OMVIVO for technical details.

Product specifications are subject to alteration without notice.

## Finishes:

White

Cloud (D)

Aria Carrara (P)

Terrazzo (P)

D: Deluxe  
P: Premium
