Building on Momentum

Align your brand with **CIM CONNECT 2026 in Vancouver**—where technical excellence, global networking, and the 100th anniversary of the CIM Expo come together.

Powering the Next Century of Mining Innovation

Following a record-breaking 2025, we are shaping the 2026 program with a stronger focus on **operator-driven content** and new strategies to encourage even greater participation from mine operators.

CIM CONNECT 2026 will also mark the **100th anniversary of the CIM Expo**—a milestone in the history of both CIM and the mining industry. This centennial will be commemorated with special programming that celebrates the Expo's legacy, enhances the exhibitor and attendee experience, and creates a memorable event for all participants.

This year's theme, **Our Mining Moment: Strategic Growth and Sustainable Operations**, reflects the convergence of social, economic and political forces bringing unprecedented attention to the minerals industry. CIM CONNECT 2026 is your opportunity to explore the innovations, operations and ideas needed to turn Canada's resource potential into production.

de la métallurgie et du pétrole

Connections, Insights and Impact

Who Attended in 2025

- **7,606 mining professionals** from across the value chain
- Strong mix of operators, executives, technical experts, students and solution providers
- 70% of participants influence or are final purchasing decision makers
- **Record attendance** with global reach and engagement

What to Expect in 2026

- **Expanded operator-focused content** and conversations of interest
- Celebration of the **100th anniversary** of the CIM Expo
- **Networking** with an unparalleled community of professionals and solution providers
- Theme: *Our Mining Moment – Strategic Growth, Sustainable Operations*

Why Sponsor in 2026

- **Align with industry priorities** and showcase leadership
- **Connect with industry leaders**, potential clients, and key stakeholders through targeted opportunities
- **Be part of a centennial celebration** with unmatched visibility and impact
