Garth Fisher, MD

BOARD CERTIFIED IN PLASTIC SURGERY

120 S Spalding Dr # 222, Beverly Hills, California 90212
www.garthfisher.com
 310 273-5995

An exceptional dermatologist, Dr. Potozkin is the Founder and CEO of Potozkin MD Skincare & Laser Center

A world-renowned, board certified plastic surgeon with over 20 years of experience, Dr. Fisher works with patients at his private practice in Beverly Hills, California. He specializes in aesthetic/cosmetic plastic surgery of the face, nose, breast and body, and is considered one of the best facial plastic surgeons in the world.

Dr. Fisher originated the television series, "Extreme Makeover," a program which depicted men and women undergoing major changes to their appearance. He was the first doctor chosen to appear on the hit series.

You can expect to see A-list celebrities, entertainment and fashion icons, Fortune 500 business executives, supermodels, royalty, and other medical and licensed professionals from around the world at his practice in Beverly Hills. His surgical skills and clinical judgment are valued and thus sought by an expansive international clientele.

For well over a decade, Dr. Fisher has been selected as "one of the top plastic surgeons in the United States for facial cosmetic and breast surgery" in Best Doctors in America. He has also been listed annually in the Castle Connolly directory of America's Foremost Surgeons, an honor bestowed on less than 1% of the country's physicians.

Los Angeles Magazine named him as "one of the best plastic surgeons in Los Angeles"; a process determined by his peers. Town & Country magazine also listed him as one of the best doctors for facelift procedures in the United States.
